School Wide Late Work Procedure

Late work will be accepted 5 school days after the original due date. 10% of the total grade will be lost for each day the assignment is late. After that, it is teacher discretion to give credit or not for late work.

Note: Assignments that are turned in consistently late can result in failure of the course.

Example:

- 1st day late student can receive a 90%
- 2nd day late student can receive a 80%
- 3rd day late student can receive a 70%
- 4th day late student can receive a 60%
- 5th day late student can receive a 50%
- 6th day and beyond teacher discretion
