Board Goal/Personnel

The human resources of the District are valuable and significant in creating an effective educational program and learning environment. Schools function most efficiently and successfully when highly qualified individuals are employed to staff the needs of the District. Opportunities for staff development should be provided periodically. Supervision is a necessary, ongoing function of the District's leadership. The Board seeks to promote an efficient and positive school climate in all educational endeavors, in order that students may work toward their greatest potential, and the community will be proud of its investment.

Nothing contained in the policies or administrative procedures included herein is intended to limit the legal rights of the Board or its agents except as expressly stated.

Should any provision of Board policy or administrative procedure be held to be illegal by a court of competent jurisdiction, all remaining provisions shall continue in full force and effect.

Hiring Process and Criteria

[NOTE: This policy is written as if the building principal and the District Superintendent are different people. However, the tasks assigned to each may be completed by the same person. If your district has a superintendent who also serves as a building principal, and you would like help modifying this policy to match your circumstances, please feel free to reach out to ISBA.]

The Board of Trustees has the legal responsibility of hiring all employees. The Board assigns to the Superintendent the process of recruiting personnel. The Superintendent may involve various administrative and teaching staff as may be needed in recruiting potential personnel. All personnel selected for employment must be recommended by the Superintendent or designee and approved by the Board. All personnel selected for employment must also go through the applicable screening process outlined in Idaho Code 33-1210.

To aid in obtaining quality staff members, the following non-exclusive list of factors will be considered, along with any other factors relevant to the position: qualifications, training, experience, personality, character, and ability to relate well with students. Every effort will be made to maintain wide diversity in staff experience and educational preparation. However, the welfare of the children of the District will be a paramount consideration in the selection of teachers and administrators.

All applicants applying for a certificated position who are pursuing an alternate route to certification shall be considered on a case-by-case basis. They must hold or demonstrate ability to hold any state certification required for the position and demonstrate they meet the alternate route requirements.

Except where otherwise specified, this policy applies to the hiring of all certificated and classified staff members in the District except for the Superintendent. This policy shall be made available to any District employee or person seeking employment with the District.

Guidelines

1. There will be no discrimination in the hiring process. See Policy 5120.
2. If the vacant position is that of the Superintendent, the hiring process and the review of all applicants is the responsibility of the Board of Trustees.
3. Applicants for teaching and administrative positions shall provide evidence of meeting State requirements for certification as described below and sign a statement authorizing current and past school district employers, including those outside the state of Idaho, to release to the District all information relating to job performance or job-related conduct, and making available to the District copies of all documents in the applicant's previous personnel files, investigative, or other files. Such statement will also release the applicant's current and past employers from any liability for providing such information and documentation. Applicants who do not sign the statement/release shall not be considered for employment. The District will consider information received from current and past school district employers only for the purpose of evaluating applicants' qualifications for employment in the position for which they have applied. No District employees shall disclose this information to anyone, other than the applicant, who is not directly involved in the process of evaluating the applicants' qualifications for employment. Applicants may be employed on a non-contracted provisional basis as allowed

by law. Applicants shall not be prevented from gaining employment if current or past out-of-state employers are prevented from or refuse to cooperate with the District's request. See Forms 5100F1 and 5100F2.

4. Applicants must meet the applicable State standards for the position they are applying for. Applicants for high school and middle school teaching positions should have a major or its equivalent in the field they will be teaching. Applicants for elementary school teaching positions should have a major or its equivalent in elementary education or in their assignment.
5. Applicants for all teaching positions, pupil service staff, and administrator positions should have a grade point average (GPA) of 2.5 overall and a GPA of 2.75 in the area in which they will teach, if applicable.
6. When considering coaching assignments in secondary schools, preference for hiring will be given to qualified certificated professional employees in the school where the coaching vacancy exists. The building principal will be responsible for assuring that all qualified and interested applicants within the building have been given consideration. Giving such individuals consideration does not mean that such an individual will necessarily be retained for a coaching position. Another individual who is not a certificated employee of the building in question may receive the position.
7. As required in Idaho Code 65-505, the District will observe preference for veterans and disabled veterans when considering hiring employees to fill vacancies, selecting new employees, or implementing a reduction in force.
8. As required in Idaho Code 33-130 and 33-512(15), the District will conduct a criminal history check for applicable positions. See Policy 5110.
9. Each newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

The employment of any certified staff member is not official until the contract is approved by the Board and signed by both the Board Chair and the applicant.

To assist administrators in compliance with the above policy for the hiring of professional staff, the following guidelines shall be utilized:

Notice of Vacancies

Vacancies will be posted only after the Board has approved written resignation from a contracted professional employee of the District, a termination has occurred, or if a new position is created within the District. The Superintendent shall develop procedures for the posting of available positions within the District.

1. Job Vacancy Notices: Any notice from Wallace School District will contain the following information:
 - A. Position available and job description.
 - B. Requirements for completed application, as applicable for position, include but are not limited to: 1) a completed District application form; 2) official transcripts of all university or college credits; 3) a placement center file; 4) a personal resume; 5) verification or eligibility of Idaho certification; and 6) a signed statement/release for current and past school district employers.

- C. Timeline for receiving application.
- D. Process notification of how applications will be handled.

The Superintendent's Office will post notice of any vacancy within the District for fourteen (14) days for internal applicants to apply for the position. For purposes of this policy, "internal applicant" refers to a certified and/or classified employee currently employed by the District. This shall not include substitute teachers employed by the District. Internal applicants will be offered the opportunity to apply and be considered for a position before the position is opened to applicants outside the District. However, the position may be opened to non-internal applicants regardless of whether qualified internal applicants apply, and internal candidates are not guaranteed to be selected as finalists for the position or to be hired for the position.

- 2. Application Procedures for Certificated Positions: It will be the responsibility of any applicant to provide the information required for a completed application listed above.
 - A. Such information must be received prior to the cutoff date for receiving applications as specified in the vacancy notice.
 - B. It will be at the discretion of the Superintendent, the appropriate administrator, and the building administrator to determine whether such deadlines should be extended to accommodate individuals where placement center files, transcripts, or other materials are not yet received by the District for consideration. Such time extension will be restricted to a reasonable time frame.
 - C. In addition to the certification information provided by the applicant, the District will also request from the Office of the Superintendent of Public Instruction verification of certification status, any past or pending violations of the professional code of ethics, any detail as to any prior or pending conditions placed upon a certificate holder's certificate, any prior or pending revocation, suspension, or the existence of any prior letters of reprimand and information relating to job performance.
 - D. Within three business days of receipt of the statement releasing information from prior school district employers, as required by I.C. 33-1210, such statement shall be sent to the prior employers with a request for release of information and documentation to be provided as required by that section.

Because responses to such requests may take up to 20 days, or possibly more for out-of-state school district employers, information received pursuant to such request may be reviewed prior to or after interviews have been concluded, at the discretion of the District. Where possible, such information should be utilized as part of the screening process. However, due to considerations of time, such early review may not be possible, and such information received pursuant to this process may be reviewed or utilized up to any time prior to offering employment to an applicant or during an applicant's period of provisional employment.

- E. Upon receipt of the completed applications, those applications will be placed in a file for review and consideration at the District Office.

Preliminary Screening

For certificated and classified vacancies, at either the time the job vacancy is published, or prior to the conclusion of the application period, the school administrator will provide notice to the appropriate administrator of the desired number of qualified individuals to be included in the "screening pool". The screening pool shall be defined as the number of individuals having completed applications that may be submitted to the building or program administrator for final screening. In the event the open position is deemed by the Board to be an administrative or director position, including principal, the size of the screening pool shall be determined by the Superintendent.

Screening

1. The building or program administrator may establish a committee to assist in the final screening process for certificated and classified positions. This committee will act in an advisory capacity to the Superintendent and to the Board.
2. The committee, upon receiving the written applications from the appropriate administrator, will review those applications for the purpose of:
 - A. Determining those most suited to the position;
 - B. Making personal telephone contact with one or more references submitted by the applicant;
 - C. Contacting individuals who might know the candidate, but were not listed as references, if needed; and
 - D. Inviting the top candidates to be interviewed for the position.
3. The committee will establish the procedures at the building or program level for interviewing the successful applicants and will have thoroughly vetted all applicants prior to committee review.
4. For those applicants who have no prior public school work experience or whose out-of-state former employers will not release documentation requested pursuant to I.C. § 33-1210, the screening committee or administrator may engage in whatever background checks it deems appropriate, but at a minimum shall verify all prior work experience and educational achievement listed by the applicant as the committee or administrator deems appropriate, preferably by contacting the prior employers and/or educational institutions listed by the applicant, and shall communicate with every person listed as a reference by the applicant.
5. Upon determining the qualified applicant, the building administrator will submit to the Superintendent the written recommendation for the applicant to be offered the position.

Acceptance Procedure

Once the Committee or administrator has selected the final candidate, the name will be provided to the Superintendent who will review the applicant's credentials with the building/program administrator. If the Superintendent does not concur with the committee or administrator's recommendation, they shall ask the committee for their next choice until a selection the Superintendent concurs with is found. If the Superintendent concurs with the recommendation, the Superintendent will take the following steps.

1. Authorize a statement of intention to employ, pending Board approval, to be made to the candidate.
 - A. If, at the time the statement of intention to employ is made, the District has not yet received documentation requested pursuant to I.C. 33-1210(3), the District may provisionally employ such applicant for a certified position on a non-contracted basis for up to 30 days after receipt of the documentation. Within that thirty-day time period, the Board may issue a written statement to the applicant identifying why a standard contract will not be issued and specifying which information justifies such decision. The Board may not identify any reason for non-issuance of a standard contract not based on the documentation received. If, within 30 days from the receipt of the information requested pursuant to I.C. 33-1210(3) no contract is issued or the written statement of non-employment is not provided to the applicant, the employee will be deemed to be employed pursuant to the appropriate type of contract. During this provisional employment, the applicant shall be provided the same compensation and benefits as if the employee had been employed on a standard certificated contract.

If no documentation is received from out of state employers, the District may employ the applicant for the certificated position on the appropriate type of standard contract without utilizing the provisional, non-contracted employment.
 - B. Upon receiving a verbal or written statement of intention to accept employment, pending Board approval, by the candidate, the Superintendent will prepare the necessary papers for recommendation to the Board of Trustees at the next regular or special Board meeting.
 - C. Submit to the Board of Trustees such recommendation.

Board Action

When approving the hiring of a(n) employee, The Board of Trustees of Wallace School District Board will:

1. Have placed before it the name of the final candidate for the position; and
2. Discuss hiring and, in situations wherein the individual qualifications of the applicant are discussed, go into executive session pursuant to law; and
3. Vote relating to approval or disapproval of the candidate. If members of the Board personally have knowledge not available to the building administrator and the screening committee the Board will not take action until all concerns have been reviewed by the building/program administrator.

Approval of Candidate for Certificated Position

Upon approval by the Board of Trustees, a contract, in a form approved by the State Superintendent of Public Instruction, will be sent or given to the applicant pursuant to the requirements set out in I.C. 33-513. The applicant must sign the contract and return it within ten days from the date the contract

is delivered to them. If the person willfully refuses to acknowledge receipt of the contract, or if the contract is not signed and returned to the Board in the designated period of time, the Board or designee may declare the position vacant. If the candidate is not approved, or if the person willfully refuse to acknowledge receipt of the contract, or if the contract is not signed and returned to the Board, the Superintendent will remand the situation to the building administrator and screening committee to provide the next applicant’s name for consideration.

Any person on provisional employment pursuant to I.C. 33-1210(7) shall be subject to the same time limits and provisions for return of a signed contract when and if such contract shall be provided to them for signature.

Certification

To qualify for employment, each teacher, pupil service staff, or administrator must have, and maintain during the entire school year, a valid Idaho instructional/pupil service staff/administrator certificate on file in the District Office at the beginning of the school year. If at any time the teacher/pupil service staff/administrator’s certification lapses, is revoked, or suspended, the certificated employee may be subjected to action declaring a contract violation and action will be taken to terminate the employment of the individual with the District.

Procedures for Obtaining Personnel Records for Applicants

1. Before hiring an applicant for employment in a certificated or non-certificated position the District shall have the applicant sign the statement/release (form 5500F1) and provide a list of their previous employers. The list may be obtained via resume or application. The District will not hire an applicant who refuses or fails to sign the statement/release.
2. The signed statement/release will then be sent by the District to all of the applicant's current or past, in state or out of state, school district employers along with a request for information relating to job performance and/or job-related conduct (Form 5100F2).

Note: The District does not have to request the information for all applicants. The District only has to request the information for the applicant(s) who are considered being offered the position. However, in the interests of timeliness, as it may take up to 20 days to receive such information, the District may request the information of every applicant who has sent a signed statement/release.

3. The District may follow up with current or past school district employers if the information requested has not been received within 30 days from the date the request was sent. The District may hire non-certificated applicants on a conditional basis pending receipt of the information requested. Applicants shall not be prevented from being hired if an out of state current or past school district employer refuses to comply with the request. The District will attempt to obtain a written refusal along with the reason for the refusal from the non-compliant out of state school district employer. The written refusal shall be kept as a part of the applicant's file.
4. The District shall also request State Department of Education verification of certification status as well as any past or pending violations of the Professional Code of Ethics and information related to the job performance of the applicants for any certificated position (form 5100F3).
5. When such information and documentation is not received prior to screening or interviews, the District will review such information no less than 30 days after it has been received. If an applicant has been offered provisional employment pursuant to I.C. 33-1210(7), the District should review the documentation within ten days of receipt. If a written statement of non-employment is to be provided to the provisional employee, it shall be provided before the end of 30 days after the receipt of the documents. If the provisional employee is to be employed by the District, a written contract should be provided prior to the end of the 30-day period. It is the goal of the District to avoid any situation where an applicant or provisional employee is employed by default or without a written contract.

6. The District shall use information received from applicant's current or past employers only for the purposes of evaluating an applicant's qualifications for employment in the position for which the applicant has applied. No Board member or District employee shall disclose the information received to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment.

Veteran's Preference

The District shall give preference in hiring, and in the case a reduction in force, consideration for a retention, to veterans, unmarried widows and widowers of veterans, and the spouse of any veteran who is unable to work in public employment due to a service-connected disability. Such applicants shall be referred to as "preference eligible applicants" throughout this policy.

k

This preference does not apply to temporary positions or to appointments to the Board.

For the purpose of this policy, "veterans" means any person who has been discharged or released from active duty in the armed forces under honorable conditions who served on active duty for at least 180 consecutive days.

The District shall post this procedure on the District's website and shall note on all announcements and advertisements of applicable vacancies that preference will be given to preference eligible applicants. Applications for qualifying positions shall ask whether the applicant is claiming veterans' preference and whether the applicant has previously claimed such a preference. The form shall also indicate what documentation is required to confirm veteran status.

Any application for a position submitted by a preference eligible applicant shall be considered, provided it is received before a candidate is chosen to fill the position, regardless of whether the application is received before the deadline to receive applications.

The District shall interview all preference eligible applicants who qualify for the position for which they have applied unless the total number of preference eligible applicants applying for a position exceeds ten.

A preference eligible applicant shall be hired in cases where no other employee is more qualified or there is no articulable reason to select another candidate.

Appeal Process

If an applicant or employee believes they have been denied preference to which they are entitled under this procedure, they may appeal the decision within 35 days of the alleged denial of preference by submitting a written request for appeal to the Board clerk. Such request must include:

1. The applicant or employee's full name and mailing address;
2. A request for either a telephonic or a face-to-face hearing. In the former case, the telephone number where a telephonic hearing may be conducted must be included;
3. The position applied for (if applicable);

4. A brief statement of the applicant or employee's basis of eligibility for a preference;
5. A brief statement of the issues the applicant or employee proposes to raise at the hearing; and
6. Any dates or times the petitioner or the petitioner's attorney cannot be available for a hearing.

The Board shall direct the Superintendent to notify the applicant or employee of the time and date of the hearing and that the Board shall be the presiding officer at the hearing. Such notice shall be provided at least seven days before the hearing and indicate:

1. Whether the meeting will be by phone or in person;
2. The location of the meeting, if it will be held in person. In person meetings may only be held in the city where the position is located unless the parties agree otherwise; and
3. The address to which relevant documents must be sent.

The hearing shall be held within 35 days of receipt of the request unless good cause to extend the hearing is shown by the Board or by the applicant/employee, in which case the hearing must be held within 70 days.

Prior to the hearing, each side shall notify the others of the witnesses they intend to call and provide one another with copies of any documents to be presented. Evidence may be considered or rejected in accordance with IDAPA 21.01.06.103.03.

The applicant or employee may be represented by an attorney, at their own expense, if they chose.

The Board shall issue a written order reflecting its decision on the matter within 35 days of the hearing. The order shall include:

1. Specific findings on all major facts at issue;
2. A reasoned statement in support of the decision;
3. All other findings and recommendations of the Board;
4. A preliminary decision finding that a preference was or was not applied by the public employer as required by Idaho law;
5. The procedure and time limits for filing an appeal to the district court under Section 65-506, Idaho Code.

Certificated Personnel Employment

Definitions

Category 1 Certificated Employees: Certificated personnel hired on a limited one year contract after August 1st or the spouse of a Trustee hired under the limited provisions of Section 33-507(3), Idaho Code.

Category 2 Certificated Employees: Certificated personnel in the first and second years of continuous employment within the same school district.

Category 3 Certificated Employees: Certificated personnel in the third year of continuous employment by the same school district.

Renewable Contract Certificated Employees: With the exception of Interim Certificate holders, upon being offered a contract for a fourth full consecutive year of employment as a certificated teacher, certificated personnel may automatically renew their employment with this District, for the next school year, by timely returning their contract.

The District shall have the option to grant renewable contract status when it hires a certificated employee who has been on a renewable contract with another Idaho school district or who has out-of-state experience which would otherwise qualify the certificated employee for renewable contract status in Idaho. Alternatively, the District can place the certificated employee on a Category 3 contract.

Retired: Certificated personnel receiving retirement benefits from the public employee retirement system of Idaho, except those who received benefits under the early retirement program previously provided by the State, hired as at-will employees.

Interim Certificate Holder: A certificated employee who holds an interim certificate while they pursue an alternate route to certification must complete at least nine semester credits annually toward the completion of their alternate route to certification and meet their annual progress goals toward the completion of the alternate route. The District may take action to terminate or non-renew a teacher with an interim certificate who fails to meet these requirements. Such termination or non-renewal shall be carried out in accordance with State law and administrative rules and District policy. Personnel who hold an interim certificate and/or emergency authorization and have not been issued their five-year renewable certificate shall not exceed a Category 3 Contract until conditions have been met.

Notice

1. Category 1 certificated employees' contracts are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the District to terminate the contract at the conclusion of the contract year.

2. Category 2 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and are not entitled to a review of the reasons or decision not to reemploy by the Board.
3. Category 3 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and shall, upon written request, be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will be determined by the Board. Before the Board determines not to renew the contract for the unsatisfactory performance of category 3 certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following at least one evaluation. In no case shall the probationary period be less than eight weeks. The probation shall be preceded by written notice from the Board, with the reasons for the probationary period and the areas of work which are deficient and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
4. Contracts for all renewable contracted certificated employees shall be issued by July 1st. All employees on renewable contracts must timely return their contract. The employee's failure to timely return a renewable contract may be interpreted by the Board as a declination of the right to automatic renewal or the offer of another contract. Before the Board determines not to renew the contract for the unsatisfactory performance of renewable contracted certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following an observation, evaluation, or partial evaluation. The probation shall be preceded by written notice from the Board, or its designee, with the reasons for the probationary period and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
5. Contracts for retired teachers are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the District to terminate the contract at the conclusion of the contract year.

Supplemental Contracts

An extra duty assignment is, and extra duty supplemental contracts may be issued for, an assignment which is not part of a certificated employee's regular teaching duties. A supplemental contract for extra duties shall be separate and apart from the certificated employee's underlying contract (Category 1, 2, 3 or renewable) and no property rights shall attach. A written notice of non-reissuance of the extra duty supplemental contract with a written statement of reasons shall be provided. Upon written request, the certificated employee shall be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will be determined by the Board. The contract shall be in a form approved by the state superintendent of public instruction.

An extra day assignment is, and supplemental extra day contracts, may be issued for, an assignment of days of service in addition to the standard contract length used for the majority of certificated employees of the District. Such additional days may be in service of the same activities as the employee's regular teaching duties. Any such extra day contracts shall provide the same daily rate of pay and rights to due process and procedures as provided by the certificated employee's underlying contract (Category 1, 2, 3 or renewable). The contract shall be in a form approved by the state superintendent of public instruction.

Delivery of Contract

Delivery of a contract may be made only in person, by certified mail, return receipt requested, or electronically, return receipt requested. If delivery is made in person, the delivery must be acknowledged by a signed receipt.

If a District delivers contracts via electronic means, with return electronic receipt, and the District has not received a returned signed contract and has not received an electronic read receipt from the employee, the District shall then resend the original electronically delivered contract to the employee via certified mail, return receipt requested, and provide such individual with a new date for contract return.

Return of the Contract

A person who receives a proposed contract from the District shall have 10 days from the date of delivery to sign and return the contract.

Failure to Accept or Acknowledge

Should a person willfully refuse to acknowledge receipt of the contract or if the contract is not signed and returned to the Board within the designated time period, the Board may declare the position vacant. Through this policy the Board delegates to the Superintendent the power, as the designee of the Board, to declare such position vacant should a signed contract not be returned within the designated period.

Informal Review

The following events and circumstances create a right allowing the specified employees to request an Informal Review for the Board's decision to not reemploy or reissue an employment contract:

1. Non-reemployment of Category 3 teachers;
2. An administrative employee reassignment;
3. Non-reissuance of Supplemental Extra-Duty Contracts; and
4. Any other circumstance specified in Idaho law creating a right to request an informal review.

The parameters for the Informal Review will be determined by the Board.

The request for an Informal Review must be in writing and include a statement explaining the reasoning for disagreement with the Board's decision. The statement must not exceed two pages.

The District will use the following procedure:

1. The employee must request, in writing, an Informal Review within 7 days of receiving notice of the events creating a right to Informal Review. The request must be submitted to the Board Clerk. Failure to request Informal Review within 7 days will result in the employee waiving the right to an Informal Review.
2. The employee will be given an opportunity to meet with the Board in executive session within 15 days of the date that the request for Informal Review is submitted to the Board, or alternately, at the next regularly scheduled Board meeting, as determined by the Board. At the option of the Board, the employee may be permitted to provide the Board with documentation in support of the employee's position. The Board, in its discretion, may limit the amount of time allotted for presentation of any additional information by the employee during the Informal Review.
3. The Administration shall have the right to be present during the Informal Review and may respond to the employee's presentation and/or respond to any inquiries by the Board.
4. The Board shall make a decision to uphold the earlier employment decision, or make some other decision regarding the issue(s) raised during the executive session. Such decision must be made by the Board in open session, identifying the employee by number

or letter (i.e.: “Subsequent to the Informal Review, the Board upholds the prior employment decision regarding employee “A”).

5. The Board shall notify the employee, in writing, of its final decision on the matter within 15 days of the date of the Informal Review.

The employee does not have the right to be represented by an attorney or a representative of the state teachers’ association, present evidence other than that detailed above, or present and/or cross-examine witnesses unless specifically agreed to by the Board. The Board may elect to ask questions of the employee or administrator present at the Informal Review, but this does not confer upon the employee the right to ask questions of the Board or the administration.

Criminal History/Background Checks

General

It is the policy of the District not to employ or to continue the employment of classified, professional or administrative personnel who may be deemed unsuited for service by reason of arrest and/or criminal conviction. While an arrest or conviction of a crime, in and of itself, may not be an automatic bar to employment, if an arrest or conviction relates to suitability of the individual to perform duties in a particular position, such person may be denied employment or, in the case of current employees, may face disciplinary action up to and including termination.

It is the policy of this District to perform criminal history checks as required by Idaho law and to perform other types of background checks on employees or volunteers including, but not limited to:

1. Contacting prior employers for references;
2. Contacting personal references; and/or
3. Contacting other persons who, in the discretion of the District, could provide valuable information to the District.

Where a prior conviction is discovered, the District will consider the nature of the offense, the date of the offense, and the relationship between the offense and the position for which application is sought, or the person is employed. Any individual convicted of a felony offense listed in I.C. § 33-1208(2) shall not be hired.

If an applicant or employee makes any misrepresentation or willful omissions of fact regarding prior criminal history, such misrepresentation or omission shall be sufficient cause for disqualification of the applicant or termination of employment.

Any certificated employee who was hired prior to July 1, 2020 and has their teaching certificate revoked by the Professional Standards Commission due to updated crimes listed in I.C. § 33-1208 shall be granted an informal review based on their contract category, as outlined in Policy 5105.

Initial Hires

In order to protect the health, safety, and welfare of the students of the District, Idaho law requires the following employees hired on or after July 1, 2008 to submit to criminal history checks. The list is to include, but is not limited to:

1. Certificated and non-certificated employees;
2. All applicants for certificates;
3. Substitute staff;
4. Individuals involved in other types of student training such as practicums and internships;
and

5. All individuals who have unsupervised contact with students.

A criminal history check shall be based on a complete ten finger fingerprint card or scan and include, at a minimum, the following:

1. Idaho bureau of criminal identification;
2. Federal bureau of investigation (FBI) criminal history check; and
3. Statewide sex offender registry.

Employees will be required to undergo a criminal history check within five days of starting employment or unsupervised contact with students, whichever is sooner.

The fee charged to an employee shall be \$40.00. All criminal history check records will be kept on file at the state department of education. A copy of the records will be given to the employee upon request.

Employee Arrest or Conviction

All employees shall have the continuing duty to notify the District of any arrest or criminal conviction that occurs subsequent to being hired by the District. In the event that any employee, whether full-time or part-time, probationary or non-probationary, classified or certified, is arrested, charged, or indicted for a criminal violation of any kind, whether misdemeanor or felony, with the exception of minor traffic infractions, he or she is required to report such arrest promptly to the employee's supervisor or department head within one business day unless mitigating circumstances exist. This reporting requirement applies regardless of whether such arrest has occurred on-duty or off-duty. Failure to comply with this reporting requirement shall be grounds for disciplinary action, up to and including termination.

Additionally, if an employee has a protection order served against him or her, the employee shall follow the same reporting requirements as outlined above.

Supervisors or department heads shall contact the Superintendent or designee upon receiving notification that an employee has been arrested or has a protection order served against him or her. The District reserves the right to determine appropriate disciplinary action in such cases, up to and including termination, depending upon the facts and circumstances surrounding the incident.

It is the discretion of the District to terminate or take other action against any employee that has either been convicted of one or more of the felony offenses set forth in I.C. § 33-1208 or made a material misrepresentation or omission on their job application.

Substitute Teachers

The State Department of Education shall maintain a statewide list of substitute teachers. To remain on the statewide substitute teacher list, the substitute teacher shall undergo a criminal history check every five years. If a substitute teacher has undergone a criminal history check within five years as a result of employment with another District, the District may in its sole discretion, not require a substitute to undergo a criminal history check. If the District does desire a substitute

teacher who has undergone a criminal history check within the last five years to undergo an additional criminal history check, the District will pay the costs of such check.

Other Employees

The District may require that any employee be subjected to criminal history checks. If required, the District will pay the costs of such checks.

Volunteers

Any volunteer in the District who has regular unsupervised access to students, as determined by the Superintendent or the Superintendent's designee, shall submit to a fingerprint criminal background investigation conducted by the appropriate law enforcement agency prior to consideration for volunteering in the schools of this District.

Any requirement of a volunteer to submit to a fingerprint background check shall be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If a volunteer has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who shall decide whether the volunteer is suitable to be in the presence of the students in the District. Arrests resolved without conviction shall not be considered in the hiring process unless the charges are pending.

Contractors

The District maintains a safe environment for students by developing a system that cross-checks all contractors or other persons who have irregular contact with students against the statewide sex offender register.

Confidentiality

Outstanding warrants, criminal charges, and/or protective orders may be confidential. An employee who is provided access to such information relating to another employee shall ensure that the information remains confidential. If an employee discloses such information without authorization, the employee shall be subject to disciplinary action.

Reporting New Employees

The Idaho Legislature has established an automated State directory of new hires to be administered by the Idaho Department of Labor (herein after “Department”). The State directory of new hires provides a means for employers to assist in the State’s efforts to prevent fraud in the welfare, worker’s compensation, and unemployment insurance programs; to locate individuals to establish paternity; to locate absent parents who owe child support; and to collect support from those parents by reporting information concerning newly hired and rehired employees directly to a centralized State database.

The District will report the hire or rehire of an individual by submitting to the department a copy of the employee’s completed and signed United States internal revenue service form W-4 (employee’s withholding allowance certificate). Before submitting the W-4 form, the District will ensure that the W-4 form contains the following information:

1. The employee’s name, address, and social security number;
2. The District’s name, address, and federal tax identification number;
3. The District’s Idaho unemployment insurance account number, which must be designated at the bottom of the form; and
4. The employee’s date of hire or rehire, which must be designated at the bottom of the form.

This District will report the hiring or rehiring of any individual to the department within 20 calendar days of the date the employee actually commences employment for wages or remuneration. The report will be deemed submitted on the postmarked date or, if faxed or electronically submitted, on the date received by the Department. A copy of the report will be retained by the District, and the copy will set forth the date on which the report was mailed, faxed, or electronically transmitted.

Should the District choose to file its report electronically, the District will comply with the Department’s regulations of such transmissions. Electronically transmitted reports will be filed by two monthly transmissions if necessary, not less than 12 days apart and not more than 16 days apart.

The District is not liable to the employee for the disclosure or subsequent use of the information by the Department or other agencies to which the Department transmits the information.

Administrative Leave

The Board hereby delegates to the Superintendent and any designee of the Superintendent the Board's authority to place a certificated employee on a period of paid administrative leave or paid suspension if the Superintendent or designee believes that such action is in the best interest of the District.

Should this authority be exercised and any certificated employee placed onto a period of paid administrative leave or suspension, this action shall be presented to the Board within 21 days of taking such action, whether at the next regularly scheduled Board meeting or a special meeting.

At the time the Board is presented with the action they shall either ratify or nullify the act of placing the certificated employee onto a period of paid leave or suspension. The Board may continue the period of administrative leave or suspension at the time the Board takes action.

Applicability of Personnel Policies

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between the terms of a collective bargaining agreement and the District's policy, the law provides that the terms of the collective bargaining agreement shall prevail for the staff covered by that agreement.

When a matter is not specifically provided for in an applicable collective bargaining agreement, the policies of the Board to effectively and efficiently manage the District shall govern.

Classified employees are employed at will and the District policy manual is not intended to express a term of an employment agreement. The provisions of this policy manual do not create a property right which would modify the District's right to terminate the employment relationship of classified employees at will.

Job Descriptions

There shall be written job descriptions for all positions and for all employees of the School District. The job description will describe the essential characteristics, requirements, and general duties of the job or position. All personnel shall be subject to the requirements delineated in the job descriptions so that they may effectively contribute to the goals and purposes for the District. The descriptions shall not be interpreted as complete or limiting definitions of any job, and employees shall continue in the future, as in the past, to perform duties assigned by the Board, supervisors, or other administrative authority.

Once each year or as provided by Idaho Code, the supervisors of all employees shall confer with each person under his or her supervision to review the individual's work.

The evaluation shall be documented by use of the District evaluation form for classified or certified personnel. No evaluation should be signed before it is fully discussed by both the employee and the supervisor. One signed copy will be given to the employee and one signed copy will be given to the Superintendent to be maintained in the employee's personnel file.

The length of a work day for a certified employee shall be seven and one-half (7 1/2) hours for a full-time certified employee. The work day is generally exclusive of lunch and extracurricular assignments, but inclusive of preparation time and assigned duties. Arrival time shall generally be one-half hour before classes begin or as otherwise directed by the building principal.

Length of Work Day - Classified

The length of a classified work day is governed by the number of hours for which the employee is assigned. A “full-time” employee shall be considered to be an eight hours per day, 40 hours per week employee. The work day is exclusive of lunch but inclusive of breaks unless otherwise and specifically provided for by the individual work agreement. The schedule will be established by the supervisor.

All staff shall be subject to assignment, reassignment, and transfer of position and duties by the Board, Superintendent, supervisor, and/or other administrative staff member. Changes in assignment may also be made at the request of an employee. Assignment shall be based upon the qualifications of the candidate and the philosophy and needs of the District.

If a change of assignment was not requested by the employee, he or she should be consulted and have an opportunity to express his or her preferences. However, the final decision on transfer or alteration of any assignment rests with the Board of Trustees.

Teachers shall be assigned at the levels and in the subjects that are appropriate and allowable for the certificates and endorsements they hold. The Superintendent shall provide for a system of assignment, reassignment, and transfer of classified staff, including voluntary transfers and promotions consistent with this policy and State law. Nothing in this policy shall prevent the reassignment of a staff member during the school year.

When the Board reassigns an administrative employee to a non-administrative position, the employee shall be entitled to an informal review as described Policy 5107.

The right of assignment, reassignment, and transfer shall remain that of the Board and/or Superintendent. Written notice of a reassignment or involuntary transfer shall be given the employee. Opportunity shall be given for the staff member to discuss the proposed transfer or reassignment with the Superintendent.

Teaching

All teachers shall be given notice of their teaching assignments relative to grade level, building, and subject area before the beginning of the school year, recognizing that such placement could change subsequent to this initial notice including during the course of the school year.

Sexual Harassment/Sexual Intimidation in the Workplace

According to the Equal Employment Opportunity Commission, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including unwanted touching, verbal comments, sexual name calling, gestures, jokes, profanity, and spreading of sexual rumors.

The District shall do everything in its power to provide employees an employment environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by State and federal law. In addition, principals and supervisors are expected to take appropriate steps to make all employees aware of the contents of this policy. A copy of this policy will be given to all employees.

District employees shall not make sexual advances or request sexual favors or engage in any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms "intimidating", "hostile", or "offensive" include, but are not limited to, conduct which has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all of the circumstances.

Aggrieved persons who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop.

Employees who believe they may have been sexually harassed or intimidated should address the matter as described in Policy 3085 and Procedure 3085P. An individual with a complaint alleging a violation of this policy which does not fall within the scope of Policy 3085 and Procedure 3085P shall follow the Uniform Grievance Procedure.

Investigation

If an allegation of sexual harassment is found to not fall within the scope of Policy 3085 and Procedure 3085, but still claims conduct which violates this policy, the designated school officials will take immediate steps to:

1. Protect the grievant from further harassment;
2. Discuss the matter with and obtain a statement from the accused and his or her representative, if any;
3. Obtain signed statements of witnesses; and
4. Prepare a report of the investigation.

Confidentiality

Due to the damage that could result to the career and reputation of any person accused falsely or in bad faith of sexual harassment, all investigations and hearings surrounding such matters will be designed, to the maximum extent possible, to protect the privacy of, and minimize suspicion towards, the accused as well as the complainant. Only those persons responsible for investigating and enforcing this policy will have access to confidential communications, unless otherwise required by Policy 3085 or Procedure 3085P. In addition, all persons involved in an allegation which falls within the scope of this policy, and not within the scope of 3085 or 3085P are prohibited from discussing the matter with coworkers and/or other persons not directly involved in resolving the matter.

A violation of this policy may result in discipline, up to and including discharge. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action, up to and including discharge.

Sexual Harassment/Intimidation in the Workplace Policy Acknowledgment

I have read and been informed about the content and expectations of the Sexual Harassment/Intimidation in the Workplace Policy. I have received a copy of the policy and agree to abide by the guidelines as a condition of employment and continuing employment by the District.

Employee Printed Name

Certificated Staff Grievances

It is the Board's desire that procedures for settling certificated staff grievances be an orderly process within which solutions may be pursued. Further, that the procedures provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each certificated employee be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

Grievance Definition

A grievance pursuant to this policy shall be a written allegation of a violation of Board approved District policies or a written allegation of a violation of the Master Agreement between the District and the teachers' association.

Grievance Procedure

The District will first review the collective bargaining agreement for any applicable grievance procedures. If such a provision exists, such procedures shall govern the resolution of certificated staff grievances.

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed according to Policy 3085 and Procedure 3085P, and violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged grievance. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with their immediate building principal. The written grievance shall state:

1. The policy or provision of the Master Agreement the employee believes was violated;
2. The alleged date of violation;
3. The actor involved in the alleged violation; and
4. The remedy requested by the employee.

The written grievance must be filed with the immediate building principal within ten working days of the date of the initial event allegedly giving rise to the grievance.

The immediate building principal or designee of the building principal shall meet with the grievant and shall, at the discretion of the principal or designee, conduct whatever additional meetings or investigative activities the principal or designee believes are necessary to address the grievance.

Subsequent to these activities and within a period of ten working days, the principal shall provide the grievant with a written response to the grievance of the certificated employee.

If the grievant is not satisfied with the decision of the principal or designee, the individual shall have a period of five working days to advance the grievance to the Superintendent by submitting a written objection to the decision with the Superintendent.

If the principal or designee does not provide a written response to the grievance at the conclusion of ten working days and no extension of this time period has been agreed to between the grievant and principal or designee, the grievance shall be advanced to the Superintendent without written response of the principal or designee.

Upon receipt by the Superintendent, the Superintendent or his or her designee shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent or designee shall, within a period of 15 working days, decide the matter notifying all the parties in writing of the decision. The decision of the Superintendent or designee shall be controlling, regardless of whether it is in agreement or in disagreement with the decision of the principal.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within five days of receiving the Superintendent's decision. The Board is the policy-making body of the District, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within 30 days of that meeting. The decision of the Board will be final.

Grievances will be processed according to the step-by-step process outlined in the Uniform Grievance Procedure 4120, however, in the case where a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

Abused and Neglected Child Reporting

The personal safety and welfare of each child is of paramount concern to the Board of Trustees, employees, and patrons of the School District. It is of particular importance that employees within the District become knowledgeable and thoroughly educated as to their legal and ethical responsibilities regarding observation and reporting of suspected child abuse, child abandonment, or child neglect. The Superintendent shall review with staff the legal requirements concerning suspected child abuse at the commencement of each year.

"Abuse" is defined in I.C. § 16-1602 of the Idaho Code as any case in which a child has been the victim of conduct or omissions resulting in skin bruising, bleeding, malnutrition, burns, fracture of any bone, subdural hematoma, or soft tissue swelling. Abuse is further defined in I.C. 16-1602 to include sexual conduct including rape; molestation; incest; prostitution; obscene or pornographic photographing, filming, or depiction for commercial purposes; or other similar forms of sexual exploitation harming or threatening the child's health or welfare or mental injury to the child. Abuse also includes abandonment and neglect.

"Abandoned" is defined as the failure of the parent to maintain a normal parental relationship with his child including, but not limited to, reasonable support or regular personal contact. Failure to maintain this relationship without just cause for a period of one year is evidence of abandonment. I.C. § 16-1602(2).

"Neglected" means a child:

Who is without proper parental care and control, or subsistence, education, medical or other care or control necessary for his or her well-being because of the conduct or omission of his parents, guardian or other custodian or their neglect or refusal to provide them with these items;

-I.C. § 16-1602(25).

A District employee who has reasonable cause to suspect that a student may be an abused, abandoned, or neglected as defined above or who observes a child being subjected to conditions which would reasonably result in abuse, abandonment, or neglect shall report or cause to be reported such a case to local law enforcement or the Department of Health and Welfare within 24 hours.

Employees of the District shall notify their supervisor immediately of the case. The supervisor shall immediately notify the Superintendent or the Superintendent's designee, who shall in turn report or caused to be reported the case to local law enforcement or the Department of Health and Welfare.

Any person who has reason to believe that a child has been abused, abandoned, or neglected and, acting upon that belief, makes a report of abuse, abandonment, or neglect as required in Idaho Code § 16-1605 is immune from any liability, civil or criminal, that might otherwise be incurred or imposed. Any person who reports that a child has been abused, abandoned, or neglected in bad faith or with malice is not entitled to immunity from any civil or criminal liability that might otherwise be incurred or imposed, per I.C. § 16-1606.

In addition, according to I.C. § 16-1607:

Any person who makes a report or allegation of child abuse, abandonment, or neglect knowing the same to be false or who reports or alleges the same in bad faith or with malice shall be liable to the party or parties against whom the report was made for the amount of actual damages sustained or statutory damages of five hundred dollars (\$500), whichever is greater, plus attorney's fees and costs of suit. If the court finds that the defendant acted with malice or oppression, the court may award treble actual damages or treble statutory damages, whichever is greater.

Any District employee who fails to report a suspected case of abuse, abandonment, or neglect to the Department of Health and Welfare or local law enforcement, or who prevents another person from doing so, may be civilly liable for the damages proximately caused by such failure or prevention, and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination.

Employee Responsibilities Regarding Student Harassment, Intimidation, and Bullying

The personal safety and welfare of each child is of paramount concern to the Board of Trustees, employees, and patrons of the District. It is of particular importance that employees within the District become knowledgeable and thoroughly educated as to their legal and ethical responsibilities regarding intervention and reporting of student harassment, intimidation, and bullying.

Intervention

District employees are authorized and expected to intervene or facilitate intervention on behalf of students facing harassment, intimidation, and bullying.

Intervention shall be designed to:

1. Correct the problem behavior;
2. Prevent another occurrence of the problem;
3. Protect and provide support for the victim of the act; and
4. Take corrective action for documented systemic problems related to harassment, intimidation, or bullying.

Professional Development

The District shall provide ongoing professional development to assist school employees in preventing, identifying, intervening, and responding to harassment, intimidation, and bullying.

The content of ongoing professional development for District employees shall include, but is not limited to:

1. School philosophy regarding school climate and student behavior expectations;
2. Definitions of harassment, intimidation, and bullying with specific examples;
3. School prevention strategies or programs including the identification of materials to be distributed annually to students and parents;
4. Expectations and examples of staff intervention to harassment, intimidation, and bullying; and
5. School process for responding to harassment, intimidation, and bullying including the reporting process for students and staff, investigation protocol, the involvement of law enforcement, related student support services, and parental involvement.

Student Discipline

When disciplinary action is necessary for students engaging in harassment, intimidation and bullying,

employees shall follow relevant District policies [3330 and 3340].

Reporting

Any District employee who has witnessed, or has reliable information, that a student has been subject to harassment, intimidation or bullying, must report the incident to the designated school official in accordance with District policy and procedure [3295 and 3295P].

Knowingly submitting a false report under this policy shall subject the employee to discipline up to and including termination.

The Superintendent, building principal, and/or their designee shall be responsible for receiving complaints alleging student harassment, intimidation, and bullying and will ensure that documented complaints will be maintained as a confidential file in the District office and reported as required by the State Department of Education.

Policy Distribution

The Superintendent or designee shall annually distribute and review with employees the requirements, policies, and procedures to be followed concerning the handling of student harassment, intimidation, and bullying and shall include this information in employee handbooks. All new employees will be given these policies and procedures as part of their orientation program.

Personal Conduct

Employees are expected to maintain high standards of honesty, integrity, and impartiality in the conduct of District business and are required to comply with and conform to the Idaho law and the Code of Ethics of the Idaho Teaching Profession.

In addition to the conduct enumerated in Idaho law and the Code of Ethics of the Idaho Teaching Profession, an employee should not dispense or utilize any information gained from employment with the District, accept gifts or benefits, or participate in business enterprises or employment which create a conflict of interest with the faithful and impartial discharge of the employee's District duties. A District employee may, prior to acting in a manner which may impinge on any fiduciary duty, disclose the nature of the private interest which creates a conflict. Care should be taken to avoid using, or avoid the appearance of using, official positions and confidential information for personal advantage or gain.

Further, employees should hold confidential all information deemed to be not for public consumption as determined by law and Board policy. Employees shall also respect the confidentiality of people served in the course of the employee's duties and use information gained in a responsible manner. Discretion should be employed even within the school system's own network of communication.

District employees who are contacted by the media should direct such inquiries to the Superintendent.

Administrators and supervisors may set forth specific rules and regulations governing an employees' conduct on the job within a particular building.

Personnel Conflict of Interest

It is not uncommon for a District to employ people who are related to one another or romantically involved with one another. However, it is inappropriate for one family member or romantic partner to have direct influence over the other's conditions of employment (i.e., salary, hours worked, shifts, evaluation, etc.).

For the purpose of this policy, family member or romantic partners are defined as spouse, domestic partner, daughter, son, parent, grandparent, grandchild, sister, brother, mother-in-law, father-in-law, daughter-in-law, or son-in-law.

In any case, when employees are unsure about a potential conflict, they should fully disclose the circumstances in writing to their supervisor. If one family member or romantic partner has influence over another family member or romantic partner's conditions of employment, the following should occur:

1. In collaboration with the supervisor, the involved employees will be provided 30 days to make a decision regarding a change. Options include, but are not limited to:
 - A. One employee applying to transfer to another area; or,
 - B. Revising the reporting structure in the department so that one employee no longer has direct influence over the other employee's conditions of employment; or
2. If a decision is not reached by the end of the thirty-day period, the department head, or next level of administrator, will resolve the situation.

Nothing in this policy shall require the Superintendent or Board, in the case when the conflict of interest directly relates to the Superintendent, to transfer an employee to a different position in an effort to avoid a conflict of interest if doing so would not be in the best interest of the District.

Insubordinate Conduct

In the educational setting there are high expectations for employee behavior. This is necessary to ensure effective and efficient operation of the school and to model and reinforce appropriate professional interactions for our students. Accordingly, employees shall treat all administrators, students, and colleagues in an appropriate professional manner.

Employees shall comply with all work-related orders, instructions, and directives issued by a proper authority. Insubordination; manifest disrespect; acts or language which hamper(s) the school's ability to control, manage, or function; displays of unacceptable modeling of rules for students or staff; or any other serious breaches involving improper attitudes or improper action toward persons in positions of authority are just cause for and may result in employee discipline, up to and including possible termination.

Examples of improper conduct include, but are not limited to:

1. Disobeying an appropriate order, instruction or directive of a supervising employee or administrator;
2. Refusing to accept a reasonable and proper work assignment or directive of a supervising employee or administrator;
3. Disputing or ridiculing authority;
4. Exceeding authority; and/or
5. Using vulgar or profane language to a supervising employee or administrator.

Adult Sexual Misconduct

This policy shall apply to all staff, contractors, and volunteers who have contact with students.

For the purposes of this policy, sexual misconduct is defined as any sexual activity directed at a student, regardless of age, with the purpose of developing a romantic or sexual relationship. It includes activities that are:

1. Physical and non-physical;
2. Conducted in person or through other modes of communication;
3. Conducted before, during, or after school;
4. On District property or elsewhere; and
5. Legal and illegal.

Illegal sexual misconduct is characterized by sexual contact between an adult and a child under the age of 18 and includes explicit sexual conduct, solicitation of a minor child to participate in a sexual act, sexual exploitation and dissemination of sexual material harmful to minors. Sexual misconduct also includes such inappropriate verbal conduct as sexual comments or questions, jokes, taunting, and teasing and such inappropriate physical conduct as kissing, hair stroking, tickling, and frontal hugging.

Sexual misconduct is prohibited. Staff and volunteers who engage in sexual misconduct shall be subject to disciplinary activity, including termination. They may also be reported to law enforcement and/or the Department of Health and Welfare, as described in Policy 5260.

To avoid the appearance of impropriety, staff should avoid singling students out for personal attention such as frequent hugging or other physical contact; the giving of gifts; frequent compliments directed toward a particular student; overly personal cards, notes, or electronic communications; or teasing that references gender or contains sexual innuendo. Staff should take reasonable measures to avoid being alone with any student unless there is a legitimate, work-related need to be alone with the student. In cases such as before or after school tutoring, teachers may ask another teacher to be present in the classroom, or such tutoring may be conducted in a less private area with other adults present, such as in the school library.

The District recognizes that some student interactions occur outside the classroom. School employees and volunteers should avoid the appearance of impropriety by refraining from the following behavior:

1. Conducting ongoing, private conversations with individual students that are unrelated to school activities or the well-being of the student and take place in locations inaccessible to others;
2. Inviting a student or students for home visits without informing parents;
3. Visiting the homes of students without the knowledge of parents;
4. Inviting students for social contact off school grounds without the permission or knowledge of the parents; and
5. Transporting students in personal vehicles without the knowledge of parents or supervisors.

Reporting Sexual Misconduct

Any staff member, contractor, or volunteer who has reasonable cause to believe a staff member, contractor, or volunteer has engaged in misconduct or that any other adult has engaged in sexual

misconduct on District property or at a District event shall report the misconduct to his or her supervisor, who shall notify the Superintendent or the Superintendent's designee. The matter shall be investigated in accordance with Policy 3085 and Procedure 3085P. Investigation of any report of sexual misconduct shall include an investigation of whether the incident constitutes a violation of Title IX. Sexual misconduct not which does not fall within the definition of sexual harassment provided in Procedure 3085P may still result in disciplinary action up to and including dismissal.

The individual with reasonable cause to believe sexual misconduct has occurred shall also report the incident in accordance with Policy 5260, if applicable.

False Reports

Making a knowingly false report of sexual misconduct is prohibited and may result in the termination of a staff member or volunteer who makes such a report or in the suspension or expulsion of a student who makes such a false report.

Distribution of Policy and Training

This policy shall be posted on the District website and provided to all new employees upon hiring, to all volunteers upon acceptance as volunteers. The employee or volunteer shall sign an acknowledgment, to be retained by the District, indicating that they have received and reviewed a copy of this policy.

The District shall provide training on preventing and reporting sexual misconduct to all staff who have contact with students.

Political Activity - Staff Participation

The Board recognizes its individual employees' rights of citizenship, including, but not limited to, engaging in political activities. An employee of the District may seek an elective office, or advocate for or against a political candidate or ballot measure, provided that the staff member does not campaign during instructional times or while they are responsible for other duties, or while they are in settings where they are likely to have contact with students; and provided all other legal requirements are met. "Ballot measure" includes, but is not limited to, bond or levy elections.

No person may attempt to coerce, command, or require a public employee to support or oppose any political committee, the nomination or election of any person to public office, or the passage of a ballot issue.

The District shall not restrict constitutionally protected political speech of employees during non-instructional times in non-student contact settings, such as during duty-free periods in faculty break rooms and lounges during the school day or during afterschool events. Nothing in this section is intended to restrict the right of a District employee to express his or her personal constitutionally protected political views.

No District employee may use public facilities, equipment, including, but not limited to, telephones, fax machines, copy machines, computers, e-mail, etc., or supplies, including, but not limited to, paper clips, staples, pens, pencils, paper, envelopes, tape, etc., that are purchased with public funds for election or political campaigns, private or charitable organizations or foundations, or ballot issues.

No District employee may work on election, political campaigns, ballot issues, or issues dealing with private or charitable organizations or foundations during the work day.

Professional Employee Representation for Purposes of Negotiations

In accordance with the applicable provisions of Idaho Code, in order for the District to engage in negotiations with an authorized Local Education Organization, upon Board request, the organization shall be required to demonstrate to the District that it has been duly chosen and selected by fifty 50% plus one of the professional employees of the District, excluding administrative personnel, as their representative organization for negotiations.

Commencing Negotiations

A party interested in commencement of negotiations shall provide the other party notice of such interest, in writing.

If the Board is interested in commencement of negotiations, it shall provide written notification to any representative organization for which membership is known to exist at the District (i.e. local affiliation with IEA, AFT, NWPEA etc.). If the District is not aware of any membership, the District has no obligation to provide notice. However, if the District is aware that a local educational entity has 50% plus one dues paying members, the District need only contact this one organization about a desire to commence negotiations.

If an organization is interested in the commencement of negotiations, a written letter shall be advanced by the organization to the Board's Clerk. An organization interested in the commencement of negotiations need not be a formal organization with any ties to any state or national entity. Such organization may be entirely comprised of a local group of professional employees of the District, with no affiliation to any outside organization.

Identification of the Number of Professional Employees Required for Negotiations

Upon notification of interest in commencing negotiations, whether such is by the District or by an organization, the District shall prepare a list of all professional employees of the District currently on contract, excluding those serving as administrative personnel.

District personnel shall ascertain from this list what number of individuals the organization must represent to obtain Local Education Organization status for the purpose of negotiations pursuant to the 50% plus one statutory requirement.

The District shall notify the organization of the representation number necessary to meet the 50% plus one statutory requirement. This notification shall be in writing or via electronic communication so as to maintain a record of such communication.

If an employee is a partial administrative FTE and a partial teaching FTE, and is counted as such on the District's State reporting, the District may include the partial teaching FTE, only to the extent of the percentage of the partial teaching FTE, in the listing and calculation for representative status.

If any question arises as to the number of professional employees required to reach the 50% plus one representative status, a meeting shall be held between a District representative(s) and representation of the organization to review the manner in which the figure was reached.

Obtaining Authorizations and Representative Status

The organization's process for obtaining authorization for representative status for the purposes of negotiations must include the following:

1. Representation authority for the purpose of negotiations must be documented in writing.
2. Representation authority for the purpose of negotiations must be associated with the current or immediate previous school year in question, even if such is contended to be continuing or rolling. The current or immediate previous school year's representation authority status shall be noted on the written authorization from the professional employee.
3. For representation status for the purpose of negotiations, the subject employee need not be a member, dues paying or otherwise, of any official labor organization, association or union.

Both parties shall keep in mind a number of additional considerations from the Code of Ethics for Idaho Professional Educators and the Idaho Right to Work Laws which indicate:

1. Unethical conduct includes willfully interfering with the free participation of colleagues in professional associations.
2. The right to work shall not be subject to undue restraint or coercion.
3. The right to work shall not be infringed or restricted in any way based on membership, affiliation, or financial support of a labor organization or the refusal of the same.
4. No person shall be required, as a condition of employment or continuation of employment:
 - A. To resign or refrain from voluntary membership in, voluntary affiliation with, or voluntary financial support of a labor organization, or
 - B. To become or remain a member of a labor organization, or
 - C. To pay any dues, fees, assessments, or other charges of any kind or amount to a labor organization, or

- D. To pay to any charity or other third party, in lieu of such payments, any amount equivalent to or a pro-rata portion of dues, fees, assessments, or other charges regularly required of members of a labor organization, or
 - E. To be recommended, approved, referred, or cleared by or through a labor organization.
5. It is unlawful to deduct from the compensation of any employee any fees, assessments, or other charges paid over to a labor organization, unless the employee has first provided the District with a signed written authorization. The employee may revoke the authorization for withholding at any time by giving written notice of such revocation to the District.
 6. It is unlawful for any person, by any threatened or actual intimidation or by any damage or threatened damage to the property of an employee/prospective employee or the family of an employee/prospective employee, to compel or attempt to compel an employee to join, affiliate, or financially support a labor organization or to refrain from doing so.
 7. It is unlawful to cause or attempt to cause an employee to be denied employment or discharged from employment because of support or nonsupport of a labor organization by inducing or attempting to induce any other person to refuse to work with an employee.

Neutral Party Selection

The District shall create a list of three neutral individuals from which one will be selected by the parties to serve as the “Neutral Party”, the individual responsible for reviewing and determining if the organization has met the representative status of 50% plus one as required by statute.

This list shall be prepared in writing and all such individuals on the list shall have been contacted to assure their willingness and capability to perform such duties and:

1. Such neutral individual shall not be or have been a former employee with the District and shall not have a spouse, parent, child, or grandchild who is or has been a former employee of the District.
2. Such neutral individual shall not be or have been a former employee or member of any affiliated state organization or fellow local organization affiliated with a state organization associated with the local organization seeking representative status and likewise shall not have a spouse, parent, child or grandchild who is or has been a former employee or member of the affiliated state organization or a fellow local organization associated with the state organization.
3. Such neutral individual list shall be generated from a review of local current and/or former public officials and public citizens who serve the community. Examples may include but not be limited to: local city council members or employees, local mayor or mayor’s office employees, local legislators, employees of the State Department of

Education, employees of the State Board of Education, local judges or county clerk's, officials or officers at a local banking institution, etc.

A meeting shall be held between a District representative(s) and representatives of the organization seeking to obtain Local Education Organization status. At such meeting, the written list of neutral individuals will be provided and discussed. If the parties cannot mutually agree to select one of the individuals from the list, the parties shall take alternative turns, each striking one individual from the list to leave a final selection, with the organization seeking to obtain representative status having the first option to strike a name. The final name left after each side has had the chance to strike one will serve as the Neutral Party responsible for determining if the organization has met the representative status of 50% plus one as required by statute.

Subsequent to selection of the neutral party, both the District and organization shall sign written notification of the selection and neither party shall have communications, directly or indirectly, with the neutral party, absent the consent and participation of the other party.

Neutral Party Review

Jointly, the District and the organization shall provide the Neutral Party with the following information to ascertain representative status:

1. The District shall provide, in writing, to the Neutral Party, the list of professional employees on contract, excluding administrative personnel, prepared pursuant to step number 2, above.
2. The organization shall provide, in writing, to the Neutral Party, the current or no older than two years authorization documentation, from each professional employee who has signed such, documenting authority to act as a representative for the purpose of negotiations.
3. The organization is not required to provide the current authorization documentation to the District or its administration, but may choose to do so if it so desires.
4. The District shall provide a copy of this policy as well as a copy of Section 33-1272, Idaho Code.

The neutral party shall then compare the list provided by the District and the current authorizations from the organization. Any authorizations that are older than two years shall not be counted in the establishment of representative status. Upon completion of the comparison, the neutral party shall prepare a written letter indicating the exact percentage of District Professional Employees, to the second decimal, that have provided written authorization to the organization to serve as a representative for negotiations purposes. This letter shall be notarized and jointly provided to the District and the organization seeking representation status for the purpose of negotiations.

Final Steps

If representative status of 50% plus one has been obtained, the parties then may initiate the negotiation process with the now determined Local Education Organization for the purpose of negotiations. If such representative status has not been met due to failure to meet the statutory required levels, negotiations shall not commence.

If no new organization seeks to obtain representative status for the purpose of negotiations and to be deemed the local education organization, in due course the District’s Board may establish compensation and benefits and other working conditions as it deems appropriate.

Drug- and Alcohol-Free Workplace

Purpose

The Wallace School District is committed to a safe working environment, to making adequate provisions for the safety and health of its employees at their place of employment, and to the safety and health of the students we serve as well as the general public.

The use of alcohol and illegal drugs, and the misuse of prescription drugs is unacceptable. All District workplaces are hereby declared to be drug- and alcohol-free workplaces. A copy of this policy will be provided to each employee with materials describing the dangers of drug use in the workplace and information on any drug counseling, rehabilitation, or employee assistance programs available.

All employees are prohibited from:

1. Unlawful manufacturing, dispensing, distributing, possessing, being under the influence of a controlled substance, or using illegal drugs or drug paraphernalia, while on District premises, while performing work for the District, or in attendance at District-approved or school-related functions;
2. Distributing, manufacturing, selling, consuming, using, possessing, or being under any degree of intoxication or odor from alcohol while on District premises, while performing work for the District, or in attendance at school-approved or school-related functions; and
3. Taking prescription drugs above the level recommended by the prescribing physician and using prescribed drugs for purposes other than those for which they are intended. In addition, employees will not distribute a prescribed drug to another employee or student.

As a condition of employment, each employee shall:

1. Abide by the terms of the District policy respecting a drug- and alcohol-free workplace; and
2. Notify his or her Superintendent of his or her conviction under any criminal drug statute including but not limited to the use of controlled substances, alcohol, prescription drugs, or over-the-counter drugs for a violation occurring on the District premises or while performing work for the District, no later than five days after such a conviction.

Definitions as Used in This Policy

"Illegal use of drugs" means the use of drugs, the possession or distribution of which is unlawful. Such term does not include the use of a drug taken under the supervision of a licensed health care professional.

"Drug" or "illegal drug" means a controlled substance as defined in Schedules I through V of Section 202 of the Controlled Substances Act found in Chapter 27, Title 37 Idaho Code.

"Conviction" means a finding of guilt, including a plea of no-contest, or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

"Criminal Drug Law" means a federal or non-federal criminal statute involving the manufacture, distribution, dispensing, possession, or use of any controlled substance.

"Controlled Substance" means any drug or substance that is:

1. Not legally obtainable;
2. Being used in a manner different than prescribed;
3. Legally obtainable, but has not been legally obtained; or
4. Referenced in federal or State controlled substance acts.

"Substance Abuse" is the misuse or illicit use of alcohol, drugs, or controlled substances, including but not limited to marijuana, heroin, or cocaine.

Confidentiality

Records that pertain to the District's employee required substance screens are recognized to be private and sensitive records. They shall be maintained by the Superintendent or his or her designee in a secure fashion to ensure confidentiality and privacy and be disclosed only to the extent necessary to address any work-related safety risks occasioned by either the drug or alcohol use. Medical records, and information relating directly thereto, shall be maintained in accordance with provisions of Idaho law and used with the highest regard for employee privacy consistent with law and the purpose of achieving and maintaining a drug free workplace. All personnel records and information regarding referral, evaluation, substance screen results, and treatment shall be maintained in a confidential manner and no entries concerning such shall be placed in an employee's personnel file.

Pre-Employment Testing

Applicants being considered for employment positions may/shall be required to submit to a urinalysis test for the detection of the illegal use of drugs. Applicants shall be given a copy of this policy in advance of employment. Applicants must acknowledge having read or had this policy explained to them and should understand that as a condition of employment they are

subject to its contents. Applicants shall sign an acknowledgment prior to substance screening, permitting the summary result to be transmitted to the Superintendent or his or her designee.

An applicant refusing to complete any part of the drug testing procedure shall not be considered a valid candidate for employment with the District, and such will be considered as a withdrawal of the individual's application for employment. If substance screening shows a confirmed positive result for which there is no current physician's prescription, a second confirming test may be requested by the Superintendent or his or her designee. If the first or any requested second confirming test is positive, any job offer shall be revoked.

Physical Examination/Screening Based Upon Reasonable Suspicion

Whenever the Board, through its authorized designee, and/or the Superintendent, reasonably suspect that an employee's work performance or on-the-job behavior may have been affected in any way by illegal drugs or alcohol or that an employee has otherwise violated the District's Drug-Free Workplace Substance Abuse Policy, the employee may be required to submit a breath, saliva, urine, and/or blood sample for drug and alcohol testing. When a supervisor observes or is notified of behaviors or events that lead the supervisor to believe that the employee is in violation of the Drug-Free Workplace Substance Abuse Policy, the supervisor shall notify the Superintendent.

An employee who is required to submit to drug/alcohol testing based upon reasonable suspicion and refuses shall be charged with insubordination, and necessary procedures will be taken to terminate the employee in accordance with Board policy and State law.

An employee who tests positive on a reasonable suspicion test will be in violation of this policy. Violation of this policy shall constitute grounds for termination in accordance with Board policy and State law.

The District's authorized designee, or the Superintendent are the only individuals in the District authorized to make the determination that reasonable suspicion or cause exists to order a drug screen and are the only individuals who may order an employee to submit to a drug screen.

Two types of cases for which reasonable suspicion procedures may be invoked are:

1. Chronic cases: Deteriorating job performance or changes in personal traits or characteristics where the use of alcohol or drugs may be reasonably suspected as the cause; and
2. Acute case: Appearing to be under the present influence of alcohol and/or drugs or investigation of an accident where the use of alcohol or drugs is reasonably suspected to be a contributing cause in a specific incident or observation.

Circumstances under which substance screening may be considered, in either the chronic or acute cases, include but are not limited to the following:

1. Observed use, possession, or sale of illegal drugs and/or use, possession, sale, or abuse of alcohol, and/or the illegal use or sale of prescription drugs;
2. Apparent physical state of impairment of motor functions;
3. Marked changes in personal behavior not attributable to other factors;
4. Employee involvement in or contribution to an accident where the use of alcohol or drugs is reasonably suspected or employee involvement in a pattern of repetitive accidents, whether or not they involve actual or potential injury; and
5. Violations of criminal drug law statutes involving the use of illegal drugs, alcohol, or prescription drugs and/or violations of drug statutes.

The circumstances under which substance screening may be considered, as outlined above, are strictly limited in time and place to employee conduct on duty or during work hours, or on or in District property, or at District-approved or school-related functions.

Post-Accident Testing

Drivers while on school business or operating a school vehicle involved in a motor vehicle accident which involves either a fatality or the issuance of a citation for a moving violation to the District employee may/will be tested for alcohol misuse and controlled substance abuse.

The driver will contact the District at the time of the accident unless he or she is physically impaired as a result of the accident. The District will contact the testing lab. The testing lab will specify where the alcohol and/or controlled substance testing is to be completed.

If a driver is not able to produce enough breath to test for alcohol using a state approved breath analyzer, a blood test may be done for alcohol.

Law enforcement officials may require a driver involved in an accident to submit to tests administered as part of their jurisdiction. For purposes of this policy, only the test results provided by the District testing laboratory will be accepted.

Failure of an employee to submit to testing for either alcohol or a controlled substance will be considered a positive test and will be determined as cause for disciplinary action.

Testing for alcohol must be done within eight hours of the time of the accident. Testing for controlled substances must be done within 32 hours of the time of the accident.

The driver subject to post-accident testing must refrain from consuming alcohol for either eight hours following the accident or until he or she submits to an alcohol test, whichever comes first. Failure to do so will constitute a positive test result and will be determined as cause for disciplinary action.

Opportunity to Contest or Explain Test Results

Employees or job applicants who have a positive confirmed test result may explain or contest the result to the Superintendent or his or her designee within 5 working days after the Superintendent

or designee contacts the employee or job applicant and shows him or her the positive test result as it was received from the laboratory in writing.

Return to Duty Testing

An employee who has been given the opportunity to undergo rehabilitation for drugs or alcohol shall, as a condition of returning to duty, be required to agree to a reasonable follow-up testing established by the Superintendent or his or her designee. The extent and duration of the follow-up testing will depend upon the safety or security nature of the employee's position and the nature and extent of the employee's substance abuse problem. The Superintendent or his or her designee is to review the conditions of continued employment with the employee prior to the employee returning to work. Any such condition for continued employment shall be given to the employee in writing. This agreement must be signed by the employee before the employee is allowed to return to the job. Prior to the employee coming back on the job, the employee must complete a drug and/or alcohol test which shows negative results.

The Superintendent or his or her designee may consult with the employee's rehabilitation program in determining an appropriate follow-up testing program, including the frequency of any substance screening contained in a follow-up testing program. In no instance shall such screening be ordered by the Superintendent or his or her designee more than one time within a 72 hour period. In the event of positive test results, the Superintendent or his or her designee will work out disciplinary procedures, if any, in accordance with Board policy and State law.

Any employee subject to return to duty testing that has a confirmed positive drug test shall be in violation of this policy. Violation of this policy shall constitute grounds for immediate termination in accordance with Board policy and State law.

Inspections

Employees may be assigned District-owned offices, vehicles, lockers, desks, cabinets, etc. for the mutual convenience of the District and personnel. Employees have no expectation of privacy in any of these locations or any personal belongings which they may place in such areas.

Whenever the Board reasonably suspects that an employee's work performance or on-the-job behavior may have been affected in any way by alcohol or drugs or that an employee has sold, purchased, used, or possessed alcohol, drugs, or drug paraphernalia on District premises, the Board may search the employee and the employee's locker, desk, or other District property under the control of the employee.

Inspections under this policy are limited to investigations into work-related misconduct and offenses. Any searches for law enforcement purposes must comply with all applicable State laws.

District Action Upon Violation of Policy

Employees in violation of the provisions of this policy shall be subject to disciplinary action up to and including termination. Alternatively, the Board may require an employee to successfully complete an appropriate drug- or alcohol-abuse employee-assistance rehabilitation program. The fact that an employee has been referred for assistance and his or her willingness or ability to rehabilitate are appropriate considerations as to what, if any, disciplinary action may be taken.

Should the District employees be engaged in the performance of work under a federal contract or grant, or under a state contract or grant of \$5,000 or more, the Superintendent or his or her designee shall notify the appropriate State or federal agency from which the District receives contract or grant moneys of the employee's conviction, within ten days after receiving notice of the conviction.

In determining whether and to what extent an employee will be disciplined or discharged in regard to violating this policy, the Board will consider the following factors: the degree to which the nature of the criminal offense reduces the District's ability to maintain a safe working environment; the degree to which the nature of the criminal offense unreasonably endangers the safety of other employees and/or students; the degree to which the conviction unreasonably undermines the public confidence in the District's operations; the nature of the criminal offense; the nature of the employee's job with the District; the existence of any explanatory or mitigating facts or circumstances; whether the employee promptly reports the conviction; and any other facts relevant to the employee, including but not limited to years of service and record of performance with the District.

An employee can be discharged for work-related misconduct as provided in I.C. 72-1366, for the following reasons:

1. A confirmed positive drug and/or alcohol test, with a test result of not less than .02 BAC;
2. The employee refusing to provide a sample for testing purposes;
3. The employee altering or attempting to alter a test sample by adding a foreign substance;
or
4. The employee submitted a sample that is not his or her own.

Within 30 days after receiving notice of a conviction, the District will take appropriate disciplinary action and/or refer the employee to an appropriate substance abuse rehabilitation program.

Employee Use of Social Media Sites, Including Personal Sites

Because of the unique nature of social media sites, such as Facebook and Twitter, and because of the District's desire to protect its interest with regard to its electronic records, the following rules have been established to address social media site usage by all employees:

Protect Confidential and Proprietary Information

Employees shall not post confidential or proprietary information about the District, its employees, students, agents, or others. The employee shall adhere to all applicable privacy and confidentiality policies adopted by the District or as provided by State or federal law.

Do Not Use the District's Name, Logos, or Images

Employees shall not use the District logos, images, iconography, etc. on personal social media sites. Nor shall employees use the District name to promote a product, cause, political party, or political candidate.

Respect District Time and Property

No Use of Social Media during Work Hours or on District Equipment

Limited Use of Social Media on District Equipment Permitted

Employees will use e-mail and social media for personal purposes only during non-work times, such as during lunch or before or after school. Employees are prohibited from downloading the TikTok app or visiting the TikTok website on any District device or using internet access provided by the District. Any use of permissible social media sites must occur during times and places that the use will not interfere with job duties, negatively impact job performance, or otherwise be disruptive to the school environment or its operation.

On Personal Sites

If you identify yourself as a District employee online, it should be clear that the views expressed, posted, or published are personal views, not necessarily those of the District, its Board, employees, or agents.

Opinions expressed by staff on a social networking website have the potential to be disseminated far beyond the speaker's desire or intention and could undermine the public perception of fitness of the individual to educate students, and thus undermine teaching effectiveness. In this way, the effect of the expression and publication of such opinions could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

Keep Personal and Professional Accounts Separate

Staff members who decide to engage in professional social media activities will maintain separate professional and personal email addresses. Staff members will not use their District email address for

personal social media activities. Use of District email for this purpose is prohibited and will be considered a violation of District policy that may result in disciplinary action.

Contact with Students

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. Excessive informal or social involvement with students is therefore prohibited. This includes:

1. Listing current students as “friends” on networking sites wherein personal information is shared or available for review which results in the certificated professional employee not maintaining the Code of Ethics requiring professional relationships with students both inside and outside the classroom;
2. Contacting students through electronic means other than the District’s email and telephone system;
3. Coaches electronically contacting a team member or members without including all team members in the communication;
4. Giving private cell phone or home phone numbers to students without prior approval of the District; and
5. Inappropriate contact of any kind including via electronic media.

Nothing in this policy prohibits District staff and students from the use of social networking websites of any nature, e-mailing, texting, or any other electronic methods for curricular, co-curricular, or extracurricular purposes where the professional relationship is maintained with the student.

Failure to maintain a professional relationship with students, both inside and outside of a classroom setting, including interaction via social networking websites of any nature, e-mailing, texting, or any other electronic methods will result in the required reporting of such conduct to the Professional Standards Commission by the District’s Administration.

Rules Concerning District-Sponsored Social Media Activity

If an employee wishes to use Facebook, Twitter, or other similar social media sites to communicate meetings, activities, games, responsibilities, announcements etc., for a school-based club or a school-based activity or an official school-based organization, the employee must also comply with the following rules:

1. The employee must set up the club, activity, etc. as a group list which will be “closed and moderated”;
2. The employee must set up mechanisms for delivering information to students that are not members of the group via non-electronic means;
3. Anyone who has access to the communications conveyed through the site may only gain access

by the permission of the employee. Persons desiring to access the page may join only after the employee invites them and allows them to join;

4. Parents shall be permitted to access any site that their child has been invited to join
5. Access to the site may only be permitted for educational purposes related to the club, activity, organization, or team;
6. The employee responsible for the site will monitor it regularly;
7. The employee's supervisor shall be permitted access to any site established by the employee for a school-related purpose;
8. Employees are required to maintain appropriate professional boundaries in the establishment and maintenance of all such District-sponsored social media activity. This includes maintaining a separation between the school activity pages and employees' personal social media profiles and pages;
9. Postings made to the site must comply with the District's Policy 5335 Employee Use of Electronic Communications Devices; and
10. The Superintendent reserves the right to shut down or discontinue the group if they believe it is in the best overall interest of the students.

Recommended Practices for Use of Social Media Sites, Including Personal Sites

Think Before Posting

Privacy does not exist in the world of social media, therefore the District recommends that employees consider what could happen if a post becomes widely known or how that may reflect on the poster, the District, or its patrons. Search engines can turn up posts years after they are created and comments can be easily forwarded or copied. If you would not say it at a Board Meeting or to a member of the media or a colleague, consider the propriety of posting it online.

Be Respectful

Posts should be considered carefully in light of how they would reflect on the poster, colleagues, the District, and its students, patrons, and employees.

Remember Your Audience

Be aware that a presence in the social media world is or easily can be made available to the public at large. This includes students, fellow employees, and peers. Consider this before publishing to ensure the post will not unnecessarily alienate, harm, or provoke any of these groups.

Contact with Students

Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. In order to avoid the appearance of partiality or impropriety, all electronic communications with students should be through the official District e-mail or your work phone. Do not list current students as friends on social media sites, do not give students your personal e-mail address or phone number, and do not text students.

Keep Personal and Professional Use Separate

Staff members who decide to engage in personal social media activities will maintain separate professional and personal email addresses. Staff members will not use their District email address for personal social media activities. Such uses will be considered a violation of District policy and may result in disciplinary action. The District reserves the right to monitor communications transmitted and received through the District network. This may include social media messages and updates sent to a District e-mail account.

District Social Media Sites

Notify the District: Employees that have or would like to start a school social media page should contact their Superintendent or designee. All District pages must have an appointed employee who is responsible for content. Districts should outline the duties of the employee responsible for the site, including how often the site must be checked for comments and who is allowed to post to the site. Superintendents should be aware of the content on the site, arrange for periodic monitoring of the site, and for the receipt and addressing of any complaints about the content on the site. The Superintendent reserves the right to shut down or discontinue the site if he or she believes it is in the best overall interest of the students.

Have a Plan: Districts should consider their messages, audiences, and goals as well as their strategy for keeping information on social media sites up to date, accurate, and in the best interest of the students.

Protect the District Voice: Posts on District affiliated social media sites should protect the District's voice by remaining professional in tone and in good taste. Carefully consider the naming of pages or accounts, the selecting of pictures or icons, compliance with District policy and State and federal laws with regard to student and employee confidentiality and the determination of content.

Employee Email and Online Services Usage

Staff may, consistent with the computer use policies of the District and the District's educational goals, use approved internet sites throughout the curriculum.

The District email and internet systems are intended to be used for educational purposes only. The District's electronic network is part of the curriculum and is not a public forum for general use. No district employee may use the District's email or internet systems for the promotion of election or political campaigns, issues dealing with private or charitable organizations or foundations or ballot issues, however, use for other informal or personal purposes is permissible within reasonable limits. All email/internet records are considered District records and should be transmitted only to individuals who have a need to receive them. Additionally, District records, email/internet records are subject to disclosure to law enforcement or government officials or to other third parties through subpoena or other process. Consequently, employees should always ensure that the educational information contained in email/internet messages is accurate, appropriate and lawful. email/internet messages by employees may not necessarily reflect the views of the District. Abuse of the email or internet systems, through excessive personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

While the District does not intend to regularly review employees' email/internet records, employees have no right or expectation of privacy in email or the internet. The District owns the computer and software making up the email and Internet system and permits employees to use them in the performance of their duties for the District. Email messages and Internet records are to be treated like shared paper files, with the expectation that anything in them is available for review by the Superintendent.

Uses

Use for other informal or personal purposes is permissible within reasonable limits provided it does not interfere with work duties and complies with District policy. All email and internet records are considered District records and should be transmitted only to individuals who have a need to receive them and only relating to educational purposes. Staff has no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to access, monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the computer network and internet access and any and all information transmitted or received in connection with such usage, including email and instant messages.

Unacceptable Uses of Network

The following are considered examples of unacceptable uses and constitute a violation of this policy. Additional unacceptable uses can occur other than those specifically listed or enumerated herein:

1. Uses that violate the law or encourage others to violate the law including local, State, or federal law; accessing information pertaining to the manufacture of weapons; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials;

2. Uses that cause harm to others or damage their property, person, or reputation, including but not limited to engaging in defamation; employing another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating; reading or sharing another person's communications or personal information; or otherwise using their access to the network or the internet;
3. Uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information. Staff will immediately notify the school's system administrator if they have identified a possible security problem. Staff will not go looking for security problems, because this may be construed as an illegal attempt to gain access;
4. Downloading the TikTok app or visiting the TikTok website;
5. Uses amounting to harassment, sexual harassment, bullying, or cyber-bullying (defined as using a computer, computer system, or computer network to convey a message in any format that is intended to harm another individual);
6. Uses that jeopardize the security of access and of the computer network or other networks on the internet; uses that waste District resources;
7. Uses that are commercial transactions, including commercial or private advertising;
8. The promotion of election or political campaigns, issues dealing with private or charitable organizations or foundations, ballot issues, or proselytizing in a way that presents such opinions as the view of the District;
9. Sending, receiving, viewing, or downloading obscene materials, materials harmful to minors, materials that depict the sexual exploitation of minors, or other inappropriate materials;
10. Sharing one's password with others or allowing them to use one's account;
11. Downloading, installing, or copying software or other files without authorization of the Superintendent or the Superintendent's designee;
12. Posting or sending messages anonymously or using a name other than one's own;
13. Attempting to access the internet using means other than the District network while on campus or using District property;
14. Sending unsolicited messages such as advertisements, chain letters, junk mail, and jokes;
15. Sending emails that are libelous, defamatory, offensive, or obscene;
16. Notifying patrons or the public of the occurrence of a school election by providing anything other than factual information associated with the election – such as location, purpose, etc. Such factual information shall not promote one position over another;
17. Forwarding or redistributing the private message of an email sender to third parties or giving the sender's email address to third parties without the permission of the sender; and/or
18. Downloading or disseminating copyrighted or otherwise protected works without permission or license to do so.

Records

District records, including email and internet records may be subject to public records requests, disclosure to law enforcement or government officials, or to other third parties through subpoena or other processes. The District Superintendent or their designee may review any and all email of any employee, at any time, with or without cause. Consequently, employees should always ensure that all information contained in email and internet messages is accurate, appropriate, and lawful. When sending student records or other confidential information by email, staff shall be aware of the security risks involved and shall take all steps directed by the District to reduce such risks.

The District shall provide direction to staff on how to send student records or other confidential information by email in a secure manner.

When communicating with students and parents by email, employees should use their District email rather than a personal email account. Email and internet messages by employees may not necessarily reflect the views of the District. Abuse of the email or internet systems, through excessive and/or inappropriate personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

Privacy

While the District does not intend to regularly review employees' email and internet records, employees have no right or expectation of privacy in their use of email or the internet via devices or internet access provided by the District, and the District may review any and all e-mail of any employee, at any time, with or without cause. Depending upon content, email and internet communications may potentially be disclosed to any member of the public through a public records request

Internet Access Conduct Agreements

Each staff member will be required to sign the Procedure 5330F Employee Electronic Mail and Online Services Use Policy Acknowledgment upon the adoption of this policy or upon hiring.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its computer networks and the internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved or transmitted via the internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the internet, and any user is fully responsible to the District and shall indemnify and hold the District, its Trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its computer network and the internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user.

Violations

If any staff member violates this policy, they may be subject to disciplinary action. The system administrator and/or the District and/or the building principal will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations. Actions which violate local, State, or federal law may be referred to the local law enforcement agency.

Evaluation of Certificated Personnel

The District has a firm commitment to performance evaluation of District personnel, whatever their category and level, through the medium of a formalized system. The primary purpose of such evaluation is to assist personnel in professional development, in achieving District goals, and to assist with decisions regarding personnel actions. This policy applies to certificated personnel, but the District shall differentiate between non-instructional and pupil instructional personnel. The Superintendent is hereby directed to create procedures that differentiate between certificated non-instructional and certificated pupil instructional personnel in a way that aligns with the *Charlotte Danielson Framework for Teaching Second Edition* to the extent possible and aligns to the pupil service staff's applicable national standards.

Each certificated staff member shall receive at least one written evaluation to be completed by no later than June 1st for each annual contract year of employment and shall use multiple measures that are research based and aligned to the *Charlotte Danielson Framework for Teaching Second Edition* domains and components. The evaluation of certificated personnel shall annually include a minimum of two documented observations, one of which shall be completed prior to January 1st.

In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Objectives

The formal performance evaluation system is designed to:

1. Maintain or improve each employee's job satisfaction and morale by letting them know that the supervisor is interested in their job progress and personal development;
2. Serve as a systematic guide for supervisors in planning each employee's further training;
3. Assure considered opinion of an employee's performance and focus maximum attention on achievement of assigned duties;
4. Assist in determining and recording special talents, skills, and capabilities that might otherwise not be noticed or recognized;
5. Assist in planning personnel moves and placements that will best utilize each employee's capabilities and to align to District goals;
6. Provide an opportunity for each employee to discuss job problems and interests with their supervisor; and
7. Assemble substantiating data for use as a guide, although not necessarily the sole governing factor, for such purposes as wage adjustments, promotions, disciplinary action, and termination.

Responsibility

The Superintendent or their designee shall have the overall responsibility for the administration and monitoring of the performance evaluation system and will ensure the fairness and efficiency of its execution, including:

1. Distributing proper evaluation forms in a timely manner;
2. Ensuring completed evaluations are returned for filing by a specified date;
3. Reviewing evaluations for completeness;
4. Identifying discrepancies;
5. Ensuring proper safeguards and filing of completed evaluations;
6. Creating and implementing a plan for ongoing training for evaluators and certificated personnel on the District's evaluation standards, forms, and processes and a plan for collecting and using data gathered from evaluations;
7. Creating a plan for ongoing review of the District's performance evaluation system ~~Program~~ that includes stakeholder input from teachers, Board Members, administrators, parents/guardians, and other interested parties;
8. Creating a procedure for remediation for employees that receive evaluations indicating that remediation would be an appropriate course of action; and
9. Creating an individualized evaluation rating system for how evaluations will be used to identify proficiency and record growth over time with a minimum of four ratings used to differentiate performance of certificate holders including: unsatisfactory being equal to a rating of 1; basic being equal to a rating of 2; proficient being equal to a rating of 3; and distinguished being equal to a rating of 4.

The Immediate Supervisor is the employee's evaluator and is responsible for:

1. Continuously observing and evaluating an employee's job performance including a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st of each year;
2. Holding periodic performance reviews with each employee to discuss job performance;
3. Completing Performance Evaluations as required; and

The individuals assigned this responsibility shall have received training in conducting evaluations based on the statewide framework for evaluations within the immediate previous five years of conducting any evaluations.

Written Evaluation

A written summative evaluation will be completed for each certificated employee by June 1st. A copy will be given to the employee. The original record of the evaluation will be kept in the employee's personnel file. The evaluation should be reviewed annually and used to assist in the development of annual goals and objectives. The evaluation is designed to increase planning and relate performance to assigned responsibilities through joint understanding between the evaluator and the employee as to the job description and major performance objectives.

The written evaluation will identify the sources of data used in conducting the evaluation. Aggregate data shall be considered as part of the District and individual school needs assessment in determining professional development offerings.

Evaluation Measures

Observations: Periodic classroom observations will be included in the evaluation process with a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Professional Practice: A majority of the evaluation of certificated personnel will be comprised of Professional Practice based on the *Charlotte Danielson Framework for Teaching Second Edition*. The evaluation will include at least one of the following as a measure to inform the Professional Practice portion: input received from parents/guardians, input received from students, and/or portfolios. The District has chosen parents/guardians, students, and portfolios as its measure(s) to inform the Professional Practice portion. Parental/guardian and/or student input forms will be made available on the main District webpage. The Board shall determine the manner and weight of parental input, student input, and/or portfolios on the evaluation.

Student Achievement: Instructional staff evaluation ratings must, in part, be based on measurable student achievement as defined in Section 33-1001, Idaho Code, applicable to the subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators as applicable to the position. This portion of the evaluation may be calculated using current and/or the immediate past year's data and may use one or both years' data. Growth in student achievement may be considered as an optional measure for all other school-based and District-based staff, as determined by the Board.

Charlotte Danielson Framework: The evaluation will be aligned with minimum State standards and based upon the *Charlotte Danielson Framework for Teaching Second Edition* and will include, at a minimum, the following general criteria upon which the Professional Practice portion will be based.

Individuals who hold a Professional or Advanced Professional Endorsement will be evaluated annually.

All other instructional or pupil service staff employees must also be evaluated across all domains.

If the employee is not meeting performance expectations, the employee should be informed of the steps necessary to improve performance to the desired level. Performance reviews should include, but not be limited to, the following: job responsibilities, performance of duties, progress on goals and attendance. A memorandum for record will be prepared following each counseling session and maintained by the supervisor.

Communication of Results: Each evaluation shall include a meeting with the affected employee to communicate evaluation results. At the scheduled meeting with the employee, the supervisor will:

1. Discuss the evaluation with the employee, emphasizing strong and weak points in job performance. Commend the employee for a job well done if applicable and discuss specific corrective action if warranted. Set mutual goals for the employee to reach before the next performance evaluation. Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
2. Allow the employee to make any written comments they desire. Inform the employee that they may turn in a written rebuttal/appeal of any portion of the evaluation within seven days and outline the process for rebuttal/appeal. Have the employee sign the evaluation indicating that they have been given a copy and initial after supervisor's comments.

No earlier than seven days following the meeting, if the supervisor has not received any written rebuttal/appeal, the supervisor will forward the evaluation in a confidential manner to the Superintendent, or the designee, for review. The supervisor will also retain a copy of the completed form.

If the supervisor chooses to amend the evaluation as requested by the employee then the amended copy of the evaluation will be provided to, and signed by, the employee. The amended evaluation will then be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed form.

Certified Personnel Resignation (Release from Contract)

Applicants for teaching positions with Wallace School District who are issued a contract and employees who are on contract should recognize that their contract with the District carries responsibilities. Certified personnel will generally be expected to fulfill the terms of their contract unless:

1. There are clearly compelling, mitigating circumstances which prevent the certified or exempt individual from doing so; and
2. Until such time as the Board releases the certified individual from the terms of the contract upon the recommendation of the Superintendent.

Employees, including those employees who have just signed their first contract, will not be released from contract during the school year or within 45 days of the start of the school year unless a suitable replacement can be found. The Board may make exceptions to this rule for serious health problems or if a replacement can be found to fill the position being vacated.

The employee may make a written request for release from contract during the school year or immediately prior to the start of the school year, stating the date of requested release. The request should be submitted to the District offices so that a search for a suitable replacement can be initiated. The request for release will be submitted to the Board at the time specified by the employee. If finding a replacement is not imminent, the District offices will advise the person submitting the request that the administration will recommend to the Board that the request be denied. The District offices will also give the person making the request the opportunity to hold the request until finding a suitable replacement is imminent at which time the resignation would then be submitted to the Board. If no time is specified for the request to be submitted to the Board, it will be submitted when the administration feels that finding a suitable replacement is imminent. The person making the request will be advised of that action.

A determination of availability of a suitable replacement, approved by the building principal as per Idaho Code, will be made by the administration before recommendation will be made to the Board that the employee be released from contract. If, in the judgment of the administration, there is not a suitable replacement, and/or if retention of a new employee is not approved by the building principal, recommendation will be made that the Board NOT release the employee from contract.

Should any certificated employee abandon the contract of employment with the District without the prior written release from the contract by the Board, the Board of Trustees will report such event to the Professional Standards Commission, alleging that the certificated employee is guilty of unethical practice

Classified Personnel

Classified employees not under contract are expected to give due written notice that will permit the District to conduct a search for a suitable replacement. Generally speaking, the Board expects a two week notice.

All resignations should be in writing. Requests for resignation shall be transmitted to the Board as part of the regular personnel report.

Dress and Appearance

“One of the reasons we have schools is for students to learn what is appropriate. Young people learn what is appropriate in society by looking at their adult role models. Your dress and your behavior are what young people will take to be appropriate.” Harry K. Wong

As professionals in our schools, we recognize and value the public’s perception of our roles as mentors and models for students. We therefore set in policy the following outline of “reasonable expectations” for all professional staff.

The following dress code will apply to all teachers, counselors, aides, secretaries, and administrators throughout the District. It is to be applied for all of the days students are present, parent-teacher conferences, and professional development days.

Dressing up is encouraged.

The following is considered an outline of acceptable dress, unless otherwise specified by the principal or Superintendent:

Males:

1. Pinpoint or button-down dress shirts;
2. Knit shirts, but not t-shirts;
3. Slacks, khakis, and Docker-type slacks;
4. Dress shoes, boots, athletic shoes, and casual shoes;
5. Socks;
6. Neckties;
7. Business suits;
8. Sport coats or sweaters;
9. Holiday, theme, or school sweatshirts;
10. Blue jeans on activity days, such as spirit days, special classroom activities, and field days; and

Nonschool Employment by Professional Staff Members

A staff member's outside work or self-employment is of concern to the Board insofar as it may:

1. Prevent the employee from performing assigned responsibilities in an effective manner;
2. Be prejudicial to proper effectiveness in the position or compromise the District; or
3. Raise a question of conflict of interest – for example, where the employee's position in the District permits access to information or other advantage useful to the outside employer.

Therefore a regular, full-time employee's position in the District shall take precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of District assigned duties.

In addition, an employee may not perform any duties related to outside work or self-employment during regular District working hours or during the additional time that is needed to fulfill the responsibilities of the District position. Employees who violate this policy are subject to reprimand, suspension, or termination.

Except by prior written authorization from the Superintendent, school buildings are not to be used for private tutoring or classes for which students pay a fee to a staff member unless a rental contract has been entered into with the District.

Professional Research and Publishing

The Board considers that the school system has proprietary rights to publications, instructional materials, and devices prepared by employees during their paid work time. However, the Board also recognizes the importance of encouraging its professionals' writing, research, and other creative endeavors.

When original materials are developed by employees or staff committees during working time or as part of regular or special assignments for which they are paid, the school system will have sole rights in matters of publication or reproduction; however, the identity of the employee(s) who created the materials will be clearly recognized and noted.

In situations where the proprietary rights to material is in doubt—as, for example, when original instructional materials have been developed partially during working time or as part of a paid assignment, and partially during the staff member's own time—arrangements will be made for the appropriate assignment of rights and any profits.

However, a staff member may use his or her background knowledge of programs and operations in professional writing of any type, without the Board claiming any rights to the materials or authority to approve them prior to publication, except that articles purporting to represent school system policy will be cleared by the Superintendent who may, if the subject warrants, seek Board approval before they are released.

Employment Referrals and Prevention of Sexual Abuse

All employees, contractors, and agents of the District are prohibited from providing any recommendation for employment or otherwise helping an employee, contractor, or agent of the District in obtaining a job if they know or have probable cause to believe the individual has engaged in sexual misconduct with a student or minor in violation of the law.

These prohibitions shall not apply to cases in which the alleged misconduct was properly reported to law enforcement and any other authorities required by federal, state, or local law; and

Whistleblowing

The Board of Trustees expects employees of the District to be trustworthy and to conduct themselves in an honorable manner, abiding by all District policies and procedures and by all applicable State and federal laws and administrative rules.

When District employees know or have reasonable cause to believe that serious wrongful conduct has occurred, they should report such wrongful conduct to the Superintendent or his or her designee.

For the purposes of this policy, the term “wrongful conduct” shall mean:

1. Theft or misuse of District funds, property, or resources;
2. Fraud;
3. Violation of federal and state laws or administrative rules; and/or
4. Material violation of District policy or procedure aimed at protecting the health and safety of staff and students.

Disclosure and Investigation

Employees who know or have reasonable cause to believe that wrongful conduct has occurred shall report such activity to the Superintendent or his or her designee. Upon receiving a report of wrongful conduct, the Superintendent or designee shall take immediate steps to conduct an investigation.

If the person alleged to have committed the wrongful conduct is the designee, the Superintendent shall conduct the investigation. If the person alleged to have committed the wrongful conduct is the Superintendent, the investigation shall be addressed in accordance with Policy 4120.

The Superintendent or designee shall maintain a written record of the allegation; conduct an investigation, refer the matter to law enforcement or other appropriate authorities, if applicable; and notify the Board of the allegation and of the results of the investigation.

The Superintendent or designee shall attempt to protect the identity of a whistleblower, provided that doing so does not interfere with the investigation of the allegations or with the taking corrective action.

Complaints of Retaliation

The District shall not take adverse employment action against an employee who has notified the District of wrongdoing, allowing the District the opportunity to investigate and correct the misconduct. The District shall not take adverse action against an employee who has reported

misconduct to another government agency or who has cooperated with an investigation of wrongful conduct. Likewise, District employees are prohibited from retaliating against an individual for these actions.

There shall be no adverse employment action or retaliation against an individual who refuses to carry out a directive which he or she believes constitutes a violation of state or federal law or administrative rule.

An employee who alleges they have been subject to retaliation in the form of adverse employment action may contest the action as specified in the appropriate employee grievance policy. The District shall investigate any complaints of such retaliation and take immediate steps to stop any retaliation.

District employees who have engaged in retaliation shall be subject to discipline, which may include dismissal.

These protections do not apply to cases in which an employee knew or reasonably ought to have known that the report is malicious, false or frivolous.

Nothing in this policy is intended to interfere with legitimate employment decisions.

The Superintendent shall establish any procedures necessary to implement this policy.

This policy and any related procedures may be published in employee handbooks, posted in employee lounges, and/or given to all employees on an annual basis.

Leaves of Absence

The Board believes that the provision of leaves in addition to the contractual leaves provided by the Master Agreement helps to attract and retain staff members who will continue to grow professionally, maintain their physical health, and have a feeling of security.

The Board has the authority to grant any employee's request for a leave of absence. A leave of absence may be at the request of the employee or may be done involuntarily by action of the Board. The Board may also delegate this authority to a designee.

Delegation of Authority

Through this policy, the Board has delegated this ongoing authority to the Superintendent, both with regard to acceptance of an employee's request for leave of absence as well as an action of placing a certificated employee on an involuntarily leave of absence.

Upon the Superintendent's action to place a certificated employee on a period of involuntary leave of absence, the Board shall ratify or nullify action of the Superintendent at the next regularly scheduled meeting of the Board or at a special meeting of the Board should the next regularly scheduled meeting of the Board not be within a period of 21 days from the date of the action. Whether such leave is with pay or without pay shall be determined when applying the appropriate principles of Section 33-513(7), Idaho Code.

A Superintendent's acceptance of a certificated employee's request for leave of absence shall be put before the Board for ratification at the next regularly scheduled meeting of the Board or within twenty-one (21) days, whichever comes first.

The Superintendent is delegated the authority to address classified personnel leave without notification to the Board and is delegated authority to address classified personnel discipline and termination without Board approval.

Considerations for Involuntary Leave

If the Superintendent or Board is making a decision as to whether or not to place an employee on a period of involuntary leave of absence, some of the considerations in making such a decision may include:

1. Whether or not the conduct at issue involves a possible:
 - A. Criminal act;
 - B. Violation of the Code of Ethics for Idaho Professional Educators;
 - C. A violation of federal or state education laws or regulations; or
 - D. A violation of District Policy and/or Procedure.

- 40' Whether or not the conduct at issue involves the health, welfare, or safety of the District's students or employees.
- 50' Whether or not there is an event identified.
- 60' If the event involves an allegation of abuse of a student or minor, is there an "identified victim" or some other information that provides indicia of credibility.
- 70' If the event involves an allegation of abuse of a student or minor, is the report in question anonymous or are there any other indicia of credibility.
- 80' Whether or not there is an identified victim or identified event that the District could investigate.
- 90' Whether or not there a concern that the presence of the employee on school property could be detrimental to the investigation process and/or a concern that the employee and/or the presence of the employee interfere with the investigation process.
- : 0' Whether or not there is an ongoing/related criminal investigation associated with the same alleged event or allegations.

Sick Leave

Classified employees who regularly work 20 hours or more per week and certificated employees who work half time or more per week shall be granted sick leave and other leaves in accordance with State law. Each such employee shall be granted sick leave with full pay of one day as projected for the employment year for each month of service in which he or she works a majority portion of that month. The District, may in its discretion, require proof of illness when deemed appropriate, including but not limited to suspicion of abuse of sick leave or false claims of illness.

Compensation shall not be provided for unused sick leave.

“Sick leave” means a leave of absence, with pay, for a sickness suffered by an employee or his or her immediate family. “Immediate family” for purposes of sick leave shall mean the employee’s spouse and children residing in the employee’s household. Nothing in this policy guarantees approval of the granting of such leave in any instance. Each request will be judged by the District in accordance with this policy and the needs of the District.

It is understood that seniority shall accumulate while a teacher or employee is utilizing accumulated sick leave credits. Seniority will not accumulate unless an employee is in a paid status. Abuse of sick leave is cause for discipline up to and including termination.

Accrual of Unused Sick Leave

Employees may accrue unused sick leave. Upon retirement, an employee's accumulated unused sick leave must be reported by the District to the public employee retirement system.

Bereavement Leave

An employee who has a death in the immediate family shall be eligible for bereavement leave. "Immediate family" for purposes of bereavement leave shall mean spouse, children, brother, sister, mother, father, grandparents, grandchildren, or in-laws, same members of the spouse's family, parent, sibling and grandparents. The Superintendent shall have the authority to give bereavement leave for up to five days. Bereavement leave of greater than five days must be approved by the Board. Such leave shall not exceed ten days.

Personal and Emergency Leave

Upon recommendation of the Superintendent, and in accordance with law and District policy, classified staff may be granted personal leave pursuant to the following conditions:

1. Leave will be without pay unless otherwise stated. If leaves are to include expenses payable by the District, the leave approval will so state;
2. Leave will only be granted in units of half or full days;
3. Notice of at least one week is required for any personal leave of less than one week. Notice of one month is required for any personal leave exceeding one week;
4. The Superintendent, with approval of the Board, shall have the flexibility, in unusual or exceptional circumstances, to grant personal leave to employees not covered by sick or any other District recognized leave. During any personal leave of greater than 15 days, the employee will not receive fringe benefits. During the leave, the employee may pay the District's share of any insurance benefit program in order to maintain those benefits, provided that sch is acceptable to the insurance carrier. Staff using personal leave shall not earn any sick leave or annual leave credit or any other benefits during the approved leave of absence.

Family and Medical Leave

In accordance with the provisions of the Family Medical Leave Act (FMLA) of 1993, a leave of absence of up to twelve 12 weeks during a 12 month period may be granted to an eligible employee for the following reasons:

1. The birth of a child;
2. The placement of a child for adoption or foster care with the employee;
3. A serious health condition that makes the employee unable to perform the functions of the job;
4. To care for the employee's spouse, child, or parent with a serious health condition; or
5. For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active duty status, or has been notified of an impending call to active duty status, in the Armed Forces.

An employee is eligible to take FMLA leave if the employee has been employed for at least 12 months, and has worked at least 1,250 hours during the 12 months immediately prior to the date when the leave is requested. Further, an employee may only be eligible if there are at least 50 District employees within a 75 mile radius.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to 26 weeks of leave in a single 12 month period to care for the service members.

Employees will not be required to use appropriate paid leave while on FMLA Leave. Workers Compensation absences will not be designated FMLA Leave.

The Board has determined that the 12 month period during which an employee may take FMLA leave is July 1 to June 30 OR other specific dates.

Medical certification shall be required to determine FMLA initial or continued eligibility as well as fitness for duty.

NOTE: The FMLA applies to all school districts as they are public agencies, and therefore covered employers under the act. However, depending on the size

of the District, District employees may not be eligible employees. This policy applies to school districts with 50 or more employees. Those districts with fewer than 50 employees must comply with notice and record retention but are not obligated to provide the leave as a benefit of any employee's employment.

Family and Medical Leave Procedure

Who Is Eligible: Employees are eligible if they have worked for the District for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 District employees within a 75 mile radius.

Benefit: Under certain conditions, eligible employees, if qualified, may be entitled to up to 12 weeks leave with continuing participation in the District's group insurance plan.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to 26 weeks of leave in a single 12 month period to care for the service members.

Reasons for Taking Leave: Unpaid leave will be granted to eligible employees for any of the following reasons:

1. To care for the employee's child after birth, or placement of a child for adoption or foster care with the employee; or
2. To care for the employee's spouse, child, or parent (not including parents in-law) who has a serious health condition; or
3. For a serious health condition that makes the employee unable to perform the employee's job; or
4. For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active duty status, or has been notified of an impending call to active duty status, in support of a contingency operation.

Substitution of Paid Leave: Paid leave will be substituted for unpaid leave under the following circumstances:

1. Accumulated sick or personal leave will be utilized concurrently with any FMLA leave that is taken for a serious health reason as described in 2 or 3 above;
2. Accumulated vacation or personal leave will be utilized concurrently with any FMLA leave that is taken for a family reason as described in 1 above;
3. Accumulated sick leave will be utilized concurrently with FMLA leave whenever the FMLA leave is taken for reasons which qualify for sick leave benefits pursuant to District policy; and
4. Whenever appropriate, workers' compensation absences shall be designated FMLA leave.

When Spouses are District Employees: If spouses are employed by the District, they each are entitled to a total of 12 weeks of leave per year. However, where the reason for the leave is for

birth of a child, or because of adoption or foster care, or to care for a sick parent, such leave may be limited to an aggregate of 12 weeks, between the married employees.

Advance Notice: Employees must provide 30 days advance notice when the leave is foreseeable. In other situations an employee must give notice as soon as practicable. Leave may be allowed in emergency situations when no advance warning is possible. Inexcusable delays in notifying the District may result in the delay or denial of leave.

Requests: A sick leave request form is to be completed whenever an employee is absent from work for more than three days or when an employee has need to be absent from work for continuing treatment by or under the supervision of a health care provider.

Medical Certification: The District will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense), and may require second or third opinions (at the employer's expense) and a fitness for duty report to return to work statement.

Intermittent/Reduced Leave: FMLA leave may be taken "intermittently or on a reduced leave schedule" under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with the approval of the District. Where FMLA leave is taken to care for a sick family member or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the District's payroll system uses to account for absences or use of leave.

Insurance: An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the portion of the premiums the employee usually pays throughout the leave period. An employee's eligibility to maintain health insurance coverage will lapse if the premium payment is more than 30 days late. The District will mail notice of delinquency at least 15 days before coverage will cease.

Return: Upon return from FMLA leave, reasonable effort shall be made to place the employee in the original or equivalent position with equivalent pay, benefits, and other employment terms.

Record Keeping: Employees, supervisors, and building administrators will forward requests, forms, and other material to payroll to facilitate proper record keeping.

Summer Vacation: The period during the summer vacation or other scheduled breaks, such as Christmas, an employee would not have been required to work will not count against that employee's FMLA leave entitlement.

Special Rules for Instructional Employees

Leave More Than Five Weeks Before End of Term: If an instructional employee begins FMLA leave more than five weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term if:

1. The leave is at least three weeks; and
2. The employee's return would take place during the last three-week period of the semester term.

Leave Less Than Five Weeks Before End of Term: If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than five weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term if:

1. The leave is longer than two weeks; and
2. The employee's return would take place during the last two-week period of the semester term.

Leave Less Than Three Weeks Before End of Term: If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than three weeks before the end of term, the District may require the employee to continue taking leave until the end of the academic term if the leave is longer than five days.

Intermittent or Reduced Leave: Under certain conditions, an instructional employee needing intermittent or reduced leave for more than 20% of the total working days over the leave period may be required by the District to:

1. Take leave for a period(s) of particular duration not to exceed the duration of treatment;
or
2. Transfer to an alternate but equivalent position.

Employee Notification of Policy

A general notice from the Department of Labor explaining the FMLA's provisions and complaint procedures will be posted prominently where it can be readily seen by employees and applicants and shall either be distributed to each new employee upon hiring or will be included in employee handbooks or other written guidance concerning benefits or leave rights. No notification of rights under the FMLA or related regulations should be construed to alter any applicable at-will employment relationship between the District and an employee.

<u>Year of Service with the District</u>	<u>Days of Annual Vacation Leave</u>
After One (1) Year	1 Week
Next Three (3) Years	2 Weeks
After Five (5) Years	3 Weeks

Vacation leave is intended to be used in the following year in which it is earned. Accumulation of unused vacation time will be allowed up to a total of 30 days.

Leave credits may not be advanced nor may leave be taken retroactively.

Prior approval by the administration must be given before vacation leave is taken.

If a legal holiday should fall within an employee's vacation period, the employee will be entitled to an additional day for that holiday. An employee is eligible for holiday pay if the employee worked during the payroll week in which the holiday fell or during the preceding payroll week. No additional time will be given if the employee is absent due to illness or if on unpaid leave.

Upon termination of employment, up to 30 days of unused vacation leave will be paid at the employee's daily rate of pay.

Workers' Compensation Benefits

All employees and volunteers of the District are covered by Workers' Compensation benefits pursuant to, and in accordance with, the terms of the District's Worker's Compensation insurance policy. In the event of an injury or accident:

1. The injured employee shall immediately obtain first aid or emergency medical care as necessary to stabilize their medical condition. This treatment shall, to the extent possible, be in accordance with the requirements of the District's Worker's Compensation insurance policy. Absent the need for emergency medical care, all school employees who require medical attention in the event of a workplace injury should communicate with the school's Human Relations Director with regard to seeking out medical attention at one of the designated Occupational Health Clinics.
2. The injured employee shall promptly report the accident and injury to his or her immediate supervisor.
3. The employee shall, if possible, immediately remediate the hazardous condition. If immediate remediation is not possible, the employee shall report the hazardous condition so it can be remediated as soon as possible.
4. The employee shall complete the District's Worker's Compensation report of injury forms with the District's Human Resources Department within forty-eight (48) hours of the accident (unless prohibited by the employee's medical condition, in which case the forms shall be completed as soon as the employee's medical condition reasonably allows).
5. On behalf of the employee, the District's Human Resources Department shall immediately report the injury and claim to the District's Worker's Compensation carrier to coordinate income, medical, and other benefits available to the employee under Idaho's Worker's Compensation Law.
6. In the event the employee is unable to work, the District shall allow the employee to take available sick leave benefits until the date that Worker's Compensation income benefits are made available to the employee under the District's Worker's Compensation insurance policy.

The District's Human Resources Department shall notify the immediate supervisor of the report and shall consult with the immediate supervisor when completing the required reports.

An employee who is injured in an accident may be eligible for Workers' Compensation benefits.

Upon receipt of a report of an accident, the District shall conduct an investigation to determine:

1. Whether continuing hazardous conditions exist that require remediation; and
2. Whether the employee's work environment caused or contributed to the reported accident.

The employee is required to cooperate with the District's Worker's Compensation insurance carrier to coordinate and effectuate appropriate medical treatment and to secure other available Worker's Compensation benefits, including but not limited to income benefits.

In all instances where an employee is unable to work as a result of an injury, the employee must obtain a written work release from their treating physician prior to returning to work. This release shall be provided to the employee's immediate supervisor who will make a copy and provide the original to the Human Resources Department for placement in the employee's personnel file.

Leaves of Absence - Military Leave

General Policy

All District employees, other than those who are employed on a temporary basis, are entitled to military leave of absence when ordered to active duty for training as members of the Idaho National Guard or any component of the U.S. Armed Forces. Employees who volunteer, are drafted, or are ordered to extended active duty with any component of the U.S. Armed Forces shall be entitled to reinstatement to their former positions or comparable positions if the right is exercised in a timely manner as noted below.

The District shall notify each employee entitled to rights and benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA) of their rights, benefits, and obligations under USERRA and those of the District.

Notice to District

All employees should provide either written or oral notice of upcoming military training to the District as soon as reasonably practical. The employee or an appropriate officer of the branch of military in which the employee will serve may provide the notice. Employees who are ordered for such duty shall provide one copy of their orders to the Superintendent. Notice shall include date of departure and date of return for purposes of military training 90 days prior to the date of departure.

Military Leave for Training or Short Term Duty

Employees who are required to attend active duty, inactive-duty training, funeral honors duty, or field or coast defense training as a Reserve of the armed forces or member of the National Guard shall not suffer any loss of salary, seniority, or efficiency rating during the first 15 work days of such absence in any fiscal year. Leave will be without loss of benefits.

In the case of a part-time employee, military leave for training or short-term duty shall accrue at a rate of 15 days per year multiplied by a percentage determined by dividing by 40 the number of hours in the regularly scheduled workweek of that employee during that fiscal year. Unused leave shall accumulate until it totals 15 days.

Completion of Military Training

Upon completion of military training, the employee shall give evidence of the satisfactory completion of such training immediately thereafter. The employee shall be restored to his or her previous or similar position with the same status, pay, vacation leave, sick leave, bonus,

advancement, and seniority. Such seniority shall continue to accrue during such period of absence.

Benefits for Uniformed Service Personnel On Active Duty

(Note: Federal law does not require an employer to pay the salary of an employee on military leave except as specified in “Military Leave for Training or Short Term Duty” above.)

Pension and Retirement Plans

Pension and retirement plans are considered a benefit to which reinstated employees are entitled. Any normal contributions will continue to be made for service members who are absent for 90 days or fewer. If the employee has been absent for military service for 91 days or more, the District may elect to delay making retroactive pension contributions until the employee submits satisfactory reemployment documentation.

Medical Insurance

Health benefits will be offered to the extent they are available to other employees on leave. An employee performing military service for 30 days or fewer is not required to pay more than the normal employee share of any health premium. If the employee’s military service is for 31 days to 24 months, the health plan will offer continuous coverage. An employee on military leave may elect to continue health care coverage through the District for up to 24 months after the military leave begins or for the period of military service, whichever is shorter. The District’s obligation to provide health benefits ends once an employee’s military leave exceeds 24 months. When the employee is reinstated, a waiting period or exclusion cannot be imposed if health coverage would have been provided to the employee had he or she not been absent for military service.

Reporting to District Once Military Leave is Complete

The standard military service length and reporting times are:

1 to 30 Days of Military Service: The employee reports to the District by the beginning of the first scheduled work day that falls eight hours after the end of the last calendar day of military service.

31 to 180 Days of Military Service: The employee must submit an application for reemployment no later than 14 days after completion of service in the armed forces. If the 14th day falls on a day when the District’s offices are not open or available to accept a reemployment application, the time extends to the next business day.

181 Days or More of Military Service: The employee must submit an application for reemployment no later than 90 days after completion of military service. If the 90th day falls on a day when the employee’s offices are not open or available to accept a reemployment application, the time extends to the next business day.

Cases of Disability: Employees who are hospitalized or recovering from a disability that was incurred or aggravated during the period of military service leave have up to two years to submit an application for reemployment.

There is an exception to these guidelines for those employees who, through no fault of their own, find themselves in a situation that makes it impossible or unreasonable to meet the required timetables. In those cases the employee must return to work as soon as possible.

Disqualification From Returning to Work

There are four conditions that disqualify an employee from exercising his or her right to reemployment after military service:

1. A dishonorable or bad conduct discharge;
2. Separation from the service under “other than honorable conditions”;
3. A commissioned officer’s dismissal via court martial or by order of the President; and
4. When a service member has been dropped from the rolls for being absent without authority or for civilian imprisonment.

Reinstatement to Positions After Extended Duty

Employees who volunteer, are drafted, or are called to active duty for extended periods will be placed on “Military Leave of Absence” upon written application and will be entitled to reinstatement to their former or similar positions upon their return and under the following conditions:

1. They must not have remained on active duty beyond their first opportunity for honorable or general release; and
2. They must report to claim reinstatement within the timelines specified under “Reporting to District Once Military Leave is Complete” above..

After an employee has been absent for 31 days or more of military service, the District may ask the employee or the employee’s military unit for documentation showing that:

1. The employee submitted a timely application for reemployment;
2. The employee’s length of military service has not exceeded the five year limitation; and
3. The employee’s separation from the military service meets the requirement for reemployment.

As a general rule, employees returning from military service must be reemployed in the job that they previously held, or would have attained had they not been absent for military service. If the employee was disabled while on military duty, or a disability is aggravated by military service, the District will make reasonable efforts to accommodate the disability

It shall encourage all its employees to maintain optimum health through the practice of good health habits.

Under the circumstances defined below, the Board may require physical examinations of its employees. Results of such physical examinations shall be maintained in separate medical files and not in the employee's personnel file and may be released only as permitted by law.

Physical Examinations

If the work is of a physically demanding nature, subsequent to a conditional offer of employment and prior to a commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements that may be imposed by the State. The District may condition an offer of employment on the results of such examination, if all entering employees in the applicable job category are subject to such examination. If approved by personnel services, a 30 day grace period beginning from the date of employment may be allowed for the employee to obtain the required medical examination.

An employee afflicted with a contagious or infectious disease capable of being readily transmitted in the school setting (i.e. airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness in case there are precautions that must be taken to protect the health of others. The District reserves the right to

require a statement from the employee's primary care provider prior to the employee's return to work.

Any information obtained regarding the medical condition or history of any employee shall be collected and maintained on separate forms and in separate medical files and be treated as confidential information. Only those individuals with a legitimate need to know, such as those persons with a direct responsibility for the care of or for determining work place accommodation for the staff person, will be provided with necessary medical information.

Supervisors and managers may be informed of the necessary restrictions on the work or duties of the employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment.

Paraprofessionals, Teachers' Aides and Paraeducators

Teachers' aides and paraeducators, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraeducators will encompass a variety of tasks that may be inclusive of "limited instructional duties."

Under federal law, a paraprofessional, also known as a "paraeducator," an "education assistant" or an "instructional assistant," is defined as an individual who is employed in a preschool, elementary school, or secondary school under the supervision of a certificated or licensed teacher, and includes persons employed in language instruction educational programs, special education programs, and migrant education programs.

Paraeducators are employed by the District mainly to assist the teacher. A paraeducator is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and is responsible for the control and welfare of the students.

In compliance with applicable legal requirements, the Board shall require all paraeducators with instructional duties that are newly hired in a Title I school-wide program to have a high school diploma or general equivalency diploma (GED) and demonstrate through a state approved academic assessment knowledge of and the ability to assist in instructing or preparing students to be instructed as applicable to the academic areas they are providing support in.

It is the responsibility of each principal and teacher to provide adequate training for a paraeducator. This training should take into account the unique situations in which a paraeducator works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first 30 days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraeducator to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers' aides and paraeducators. Evaluation results shall be a factor in future employment decisions.

Reduction in Force

It is recognized that the Board has the responsibility to maintain good public elementary and secondary schools and to implement the educational interest of the State, consistent with State and federal educational requirements, including District improvement plans, accreditation requirements, and other school-based issues. However, recognizing also that it may become necessary to eliminate certificated staff positions in certain circumstances, this policy is adopted to provide a fair and orderly process should such elimination become necessary.

The Board has the sole and exclusive authority to determine the appropriate number of certificated employees and to eliminate certified staff positions consistent with the provisions of the State law. A reduction of certified employees may occur as a result of, but not be limited to, the following examples or from other conditions necessitating reductions:

1. Decreases in student enrollment;
2. Changes in curriculum or programs
3. Staffing limitations of the District; or
4. Negative changes in the financial conditions of the District.

The need for implementation of a reduction in force or the elimination of certificated positions is left to the sole discretion of the Board provided however, that no such decision shall be made until after completion of the written evaluation for each certificated staff member and that the decision as to which employee(s) shall be subject to such reduction shall not be made solely on consideration of seniority or contract status.

The Board may choose to implement a reduction in force through the elimination of:

1. An entire program or portions of programs;
2. Positions in certain grade levels only;
3. Positions by category;
4. Positions in an overall review of the District;
5. A portion or percentage of a position or positions; or
6. Any combination of the above.

Reduction in Force Procedures

The following definition and procedures shall be used for conducting a reduction in force.

Definition

As used in this procedure, “teacher” shall apply to any employee of the District who holds a certificate issued by the State Board of Education who is employed in a teaching or administrative position, below the rank of Superintendent.

Procedures

1. Prior to commencing action to terminate teacher contracts under this procedure, the Board will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:
 - A. Voluntary retirements;
 - B. Voluntary resignations;
 - C. Transfer of existing staff members; or
 - D. Voluntary leaves of absence.

2. In the event a reduction in force is required, teachers who are retained pursuant to these procedures may be reassigned if suitable position openings are available in instructional areas for which they are highly qualified and for which the principal has approved transfer pursuant to Idaho Code.

3. In the Board’s determination as to the individuals to be released pursuant to the reduction in force, consideration will be given to the criteria set out below. Each criterion shall be considered in terms of the total context when selecting those employees who are to be considered for release pursuant to the provisions of these procedures. The following criteria will be considered:
 - A. Area(s) of certification for which the teacher is highly qualified which are classified by the District as hard to fill positions;
 - B. Number of areas of certification for which the teacher is highly qualified;
 - C. Educational/degree status;
 - D. National certifications held;
 - E. Position as a Lead or Master Teacher within the District;
 - F. Whether or not the teacher is highly qualified in a course necessary for high school graduation requirements;
 - G. Whether or not the teacher is Highly Qualified in a course necessary for middle school advancement;

- H. Contribution and/or involvement in extracurricular or co-curricular positions with students;
- I. Compliance with Professional Standards and Conduct over the course of employment with the District; and
- J. Teacher evaluation, including components required by Idaho Code to be encompassed in teacher evaluation.

It is the intention of the Board that each of the above criteria be given a point value for consideration in the implementation of this reduction in force. The appended chart, which is adopted and incorporated as part of these procedures, identifies the specific point values for each of these areas of consideration.

For each teacher subject to reduction in force consideration based upon the Board's method of implementation, a teacher profile shall be developed by the Human Resources Department, applying the criteria to each respective teacher.

The factors for consideration shall be reviewed on an annual basis by the District's administration to determine whether factors should be added, eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board for consideration.

4. The Human Resources Department shall advance notice of the possible reduction in force to all teachers who may be released, based upon the number of teachers who may be released, in whole or in part, and the school programs, teacher positions or categories of positions that may be affected.
5. With this notification, the Human Resources Department shall provide a copy of the teacher's profile, utilizing the established point system, and the steps a teacher should take if they believe that there is an error in their individual teacher profile.
6. If a teacher receiving a teacher profile believes that an error that has been made on their individual profile, the teacher shall notify the Human Resources Department of their concern of an error, in writing, by the close of the school day on the third school day after the teacher profile has been delivered to the teacher or the teacher's mailbox. This written notice shall specifically identify what element or elements of the Teacher Profile are believed to be erroneous and explain specifically why the element(s) is believed to be in error.
7. If the Human Resources Department receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used to create the Teacher Profile. This may include a member of the administration communicating directly with the teacher to obtain more information or documentation relating to the alleged error.
 - A. If the Human Resources Department determines that an error was made in completion of the teacher profile, a new profile will be created and forwarded to the teacher in question.

- B. If the Human Resources Department determines that no error was made in completion of the teacher profile, the teacher shall be notified of this determination.
 - C. The teacher shall have a period of three school days to file written notice of an appeal of this decision to the District's Superintendent. Thereafter the Superintendent or the Superintendent's designee shall review the dispute, in whatever manner the Superintendent or designee deems appropriate for the circumstance, and make a final decision on the issue of the appeal and alleged error of the teacher profile.
8. If the Board determines that a reduction in force in fact will be implemented, the Superintendent shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.
 9. All releases shall be done in conformance with the applicable provisions of Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or actions that need to be taken by the Board relating to applicable due process activities, if any.

Employing Retired Teachers and Administrators

One of the Board's personnel goals is to recruit, select, and employ the best qualified personnel to staff the schools within the District. As such, retired employees who leave the District in good standing may be re-employed as a "Return to Work" employee according to the following guidelines:

1. The District may employ a person previously employed as a school district or charter school instructional, pupil service, or other certificated staff member, certificated teacher or administrator—who ~~is~~ receiving retirement benefits from the public employee retirement system of Idaho (PERSI) for positions requiring such certification provided such individual was not promised "rehire" by the District before their retirement was in effect. These employees are referred to below as "retiree" or "retirees".

In addition, effective until June 30, 2026, the District may hire individuals who retired from any PERSI-eligible employer, so long as the individual retired on or after age 55, and so long as the individual acknowledges they may not accrue additional retirement benefits. All such employment under Idaho 59-1356(5) must end on or before June 30, 2026.

These employees are considered to be employed "at-will" and in accordance with the Standard Retired Teacher Contract or Standard Retired Administrator Contract form that has been approved by the State Superintendent of Public Instruction and which expires at the end of every school year.

2. Any employment contract between the District and retirees shall be separate and apart from the collective bargaining agreement or master agreement between the District and the local teachers association.
3. Retirees employed consistent with this policy and State law shall accrue one day per month of sick leave. No annual sick leave shall be accumulated unless additional sick leave has been negotiated between each individual retiree and the District at the time of employment. Sick leave accrued by a retired employee under Idaho Code § 33-1004H does not qualify for unused sick leave benefits under Idaho Code § 33-1228.
4. The District will provide health insurance and life insurance benefits for retirees hired consistent with this policy.
5. The District shall not employ certificated teachers and administrators who receive or received benefits under the previously existing early retirement program provided in now repealed Idaho Code 33-1004G.
6. Retirees who qualify to be rehired are those who:
 - A. Have reached the Rule of 90;
 - B. Are not participating in the early retirement program;
 - C. Are retired at or after 60 years of age;

- D. Have never received a “promise of rehire” before their retirement date;
 - E. Have received at least one payment from their PERSI retirement account; and
 - F. Meet all conditions and requirements of PERSI to qualify for this program, as such may change from time to time.
7. Any year in which a retired teacher or administrator is hired, the Superintendent shall sign a form to be retained by the District in the employee’s personnel file attesting that:
- A. Any retired teachers or administrators have been employed using the standard retired teacher or retired administrator contract, as appropriate;
 - B. The length of any such contract is one year; and
 - C. Rehire was not agreed to between the teacher or administrator and the District prior to retirement.

Classified Employment, Assignment, and Grievance

Classified employees are those noncertificated employees who are employed by the District or personnel hired in positions which do not require certification.

With the exception of those classified employees specifically hired by the Board as holding a status of not at-will, all classified employees shall be regarded as “at-will” employees and may be dismissed at the will of either party and the employment relationship may be terminated at any time for any or no reason, so long as the same does not violate public policy or violate any other provision of law. Such at-will designation will be included in all job descriptions and related written documentation, should the same be implemented by the District. An employment period, as well as other terms and conditions of employment set forth in a job description and/or written documentation shall not create a property right as such are included for the specific purpose only of providing notice to the employee of the service and expectations of the District so long as the employment relationship continues.

Classified employees shall have no expectation of continued employment, unless so expressly specified by the District’s Board. The District reserves the right to change employment conditions affecting the employee’s duties, assignment, supervisor, or grade.

The Board shall determine the salary and wages for classified personnel.

The grievance procedure for classified employees shall be the procedure set forth in Idaho Code. Classified employees may file a written grievance alleging a violation of current, written District approved policy, procedure, or employee handbook, a condition or conditions that jeopardize the health or safety of the employee or another, or tasks assigned outside of the employee's essential job functions and for which the employee has no specialized training. Classified Employee Grievance Procedure

Classified employees may file a written grievance alleging a violation of current, written District approved policy, procedure, or employee handbook, a condition or conditions that jeopardize the health or safety of the employee or another, or tasks assigned outside of the employee's essential job functions and for which the employee has no specialized training in strict accordance with the procedure set forth herein. For the purposes of this procedure current, written District policy means the policy in place and approved by the Board as of the date of the incident giving rise to the grievance and not any previous or subsequent policy.

Neither the rate of pay nor the decision to terminate an employee during the initial 180 days of employment shall be regarded as a proper grievable matter.

A classified employee filing a grievance pursuant to this procedure shall be entitled to a representative of their choosing at each step of the grievance process outlined herein. Additionally, the person against whom the grievance is filed and the Superintendent or his or her designee shall be entitled to a representative at each step of the grievance process outlined herein. None of these individuals will be qualified to sit on the advisory grievance panel.

Neither the Board nor any member of the administration shall take reprisals affecting the employment status of any party in interest. The employee filing a grievance shall not take any reprisals regarding the course of the outcome of the grievance nor take any reprisals against any party or witness participating in the grievance.

Level 1: Informal

A classified employee with a complaint is encouraged to first discuss it with his or her immediate supervisor with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed as described in Policy 3085 and Procedure 3085P.

Level 2: Administration

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the District's human resources administrator within six working days of the event or incident giving rise to the grievance.

Within six working days of receipt of the grievance, the District's human resources administrator shall schedule an informal grievance meeting with the grievant, the employee against whom the grievance is filed, any known advocates, as well as a District administrator who will not be

involved in the statutory grievance process. The purpose of the meeting shall be to attempt to find a resolution to the employee grievance.

If the complaint alleges a violation of Title IX, Title II, or Section 504 of the Rehabilitation Act, or sexual harassment that is found to not fall within the scope of Policy 3085 and Procedure 3085P, the person who received the written grievance shall turn the complaint over to the nondiscrimination coordinator who shall investigate the complaint. The District has appointed nondiscrimination coordinators to assist in the handling of discrimination complaints. The coordinator will complete the investigation and file the report with the Superintendent within 30 days after receipt of the written grievance. The coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the coordinator, the recommendation shall be implemented. If the Superintendent rejects the recommendation of the coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within 15 days of receiving the report of the coordinator to the Board for a hearing.

Level 3: Superintendent

If a resolution is not reached during the informal grievance meeting, the individual against whom a grievance is filed shall file a written response to the employee grievance within six working days after the conclusion of the informal grievance meeting. Thereafter, the employee may appeal the grievance to the Superintendent or his or her designee within six working days of the receipt of the written response or within six working days from the date the written response was due if the classified employee received no written response. Within six working days of an appeal, the Superintendent or designee shall provide a written response to the employee.

Level 4: Hearing Panel

If the classified employee is not satisfied with the decision of the Superintendent or his or her designee or there is no response from the Superintendent or designee, the employee may request a review of the grievance by a hearing panel within six working days of the response or lack thereof. A written appeal must be submitted to the Board and within ten working days of receiving the appeal the Board shall convene a hearing panel consisting of three persons; one to be selected by the Board, one to be selected by the employee and one to be mutually agreed upon by the two appointed members of the panel. The panel shall submit its decision in writing to the employee, the Superintendent, and the Board within ten working days of completing its review.

Level 5: The Board

The panel's decision shall be final unless the Board overturns the panel's decision by resolution at the Board's next regularly scheduled public meeting. The decision of the Board will be final, unless appealed within 42 calendar days of the Board's resolution to overturn the panel's decision in the district court in the county in which the School District is located.

No overtime is authorized for any classified employee without the specific approval of the Superintendent, except as the Superintendent shall otherwise prescribe.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport 16 or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he or she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after he or she has been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous 30 days, provided that the District has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. Who receives a citation under State or local law for a moving traffic violation arising from the accident.

Drivers shall make themselves readily available for testing, absent the need for immediate medical attention.

No such driver shall use alcohol for eight hours after the accident, or until after he or she undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within 32 hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight hours after the accident for alcohol or within 32 hours for drugs.

Tests conducted by authorized federal, State, or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 25% of the average number of driver positions. The number of random drug tests annually must equal 50% of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight hours.

A supervisor or District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his or her observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs shall be subject to disciplinary action up to and including dismissal.

A driver who violates District prohibitions related to drugs and alcohol shall receive from the District the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he or she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he or she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the District's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-Up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing shall be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

Records

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to his or her use of drugs or alcohol, including any records pertaining to his or her drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Notifications

Each driver shall receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the District's policy and regulations for meeting these requirements. Representatives of employee organizations shall be notified of the availability of this information. The information shall identify:

1. The person designated by the District to answer driver questions about the materials;
2. The categories of drivers who are subject to the Code of Federal Regulations, Title 49, Part 382;
3. Sufficient information about the safety-sensitive functions performed by drivers to make clear what period of the work day the driver is required to comply with Part 382;
4. Specific information concerning driver conduct that is prohibited by Part 382;
5. The circumstances under which a driver will be tested for drugs and/or alcohol under Part 382;
6. The procedures that will be used to test for the presence of drugs and alcohol, protect the driver and the integrity of the testing processes, safeguard the validity of test results, and ensure that test results are attributed to the correct driver;
7. The requirement that a driver submit to drug and alcohol tests administered in accordance with Part 382;
8. An explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences;
9. The consequences for drivers found to have violated the drug and alcohol prohibitions of Part 382, including the requirement that the driver be removed immediately from safety-sensitive functions and the procedures for referral, evaluation, and treatment;
10. The consequences for drivers found to have an alcohol concentration of 0.02 or greater but less than 0.04; and

11. Information concerning the effects of drugs and alcohol on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a coworker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.

Drivers shall also receive information about legal requirements, District policies, and disciplinary consequences related to the use of alcohol and drugs.

Each driver shall sign a statement certifying that he or she has received a copy of the above materials. This statement shall be retained by the District.

Before any driver operates a commercial motor vehicle, the District shall provide him or her with post-accident procedures that will make it possible to comply with post-accident testing requirements.

Before drug and alcohol tests are performed, the District shall inform drivers that the tests are given pursuant to the Code of Federal Regulations, Title 49, Part 382. This notice shall be provided only after the compliance date specified in law.

The District shall notify a driver of the results of a pre-employment drug test if the driver requests such results within 60 calendar days of being notified of the disposition of his or her employment application.

The District shall notify a driver of the results of random, reasonable suspicion, and post-accident drug tests if the test results are verified positive. The District shall also tell the driver which controlled substance(s) were verified as positive.

Drivers shall inform their supervisors if at any time they are using a controlled substance which their physician has prescribed for therapeutic purposes.
