November 8, 2023

On behalf of the students and staff of the Wallace School District I would like to send my thanks to all our school district patrons that supported our Supplemental Levy on the November 7th election. The overall rate of approval is a testament to your dedication to our district. I would like to especially thank everyone that took the time to help share levy and voting information with our patrons.

I understand that many of us are struggling to make financial ends meet. Your willingness to make this extra investment in our education system does not go unnoticed. It is my promise that the Wallace School District will continue to use our levy funds as stated on the ballot. Those funds allow us to employ additional staff for a wider range of course offerings, additional educational support, and to help reduce class sizes. Funds will supplement our transportation department, extracurricular opportunities, and the child nutrition program. Ultimately, our goal is to operate our school district so that it is a pillar in our community and state. We will work every day to provide our students with a safe and successful learning experience that will prepare them for each consecutive year of their K-12 education and their post-secondary aspirations.

Again, it is with my deepest gratitude that I thank all the Wallace School District patrons for their continued financial support.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd Howard', written in a cursive style.

Todd Howard
Superintendent of Schools
Wallace School District #393
